

Adult Intake Nursing Workflow for Nurses

Admission Process

All admission documents will be completed in the Adult or Pediatric Intake Nursing Workflow except the following tasks:

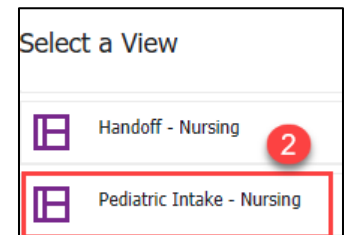

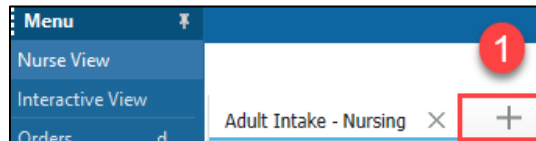

- Admission Skin Assessment
- Admit to OBS
- Admission CSSRS
- Admission COVID-19 Status Update

Pediatric Intake Nursing Workflow

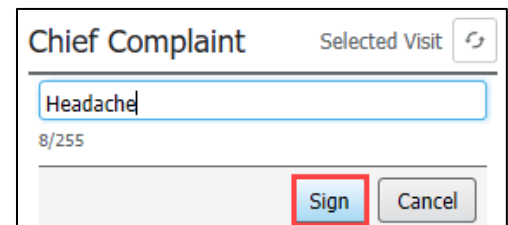

New Pediatric Intake Nursing Workflow available for our pediatric population. If the Pediatric Intake Nursing Workflow does not display in Nurse View:

1. Click the plus sign.
2. Select Pediatric Intake Nursing Workflow.

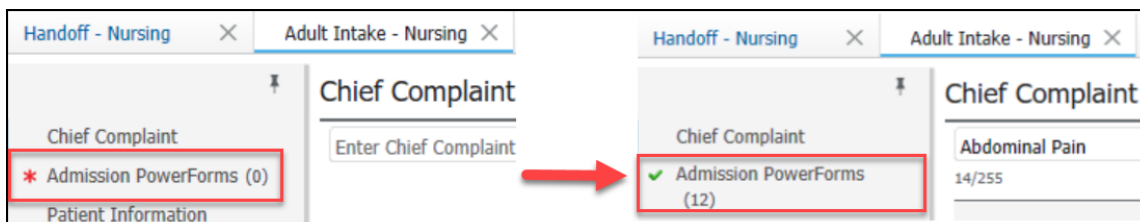

Chief Complaint

- Information from the Admission Health Assessment (AHA), Admission Profile (AP), ED Triage, or Urgent Care Intake form populate this section.
- Nurses can enter the Chief Complaint if not filled out. Signing is required after entering. The provider will cosign the Chief Complaint on their workflow.

Admission PowerForms

All admission documents are completed in this section. Red asterisk indicates required documentation. Once all necessary forms are completed the * will be replaced with a ✓.

Admission PowerForms continued

Required documentation displays in drop down.
