Allergies: Modify Reactions for Nurses

Delete an Allergy Reaction Prior to Completing the Allergy Entry

When an incorrect allergy reaction is entered, it may be deleted prior to completing the entry.

- Right click on the incorrect reaction. 1.
- Select delete. Do not select Cancel. 2.
- Complete the entry with the correct reaction. 3.

Canceling a Previously Documented Incorrect Allergy Reaction

A previously documented allergy reaction can be corrected using the **Modify** option.

- Go to Allergies in the patient's chart from one of three locations. 1.
 - a. The Allergies hyperlink within the Adult or Pediatric Intake - Nursing Workflow.
 - b. The Allergies tab on the dark blue menu.
 - The Allergies hyperlink on the C. demographic bar.
- MRN:ME1657963 Location:A4; 4503; B Code Status ME1719900087 ** Active**Inpatient[2/2/2022 6:48:57 AM EST <No - Discharge date>] Portal
