

Clinical Leader Organizer: Overview for Nurses Leaders

Cerner PowerChart EDUCATION

Clinical Leader Organizer is an interactive organizer that supports communication and coordination across the continuum of care.

- Users can customize view and layout.
- The organizer does not auto refresh, users will have to manually refresh the organizer.
- A default patient list can be setup, allowing the organizer to consistently open to the same list.
- Users will need to establish a relationship with the patients to view information on the organizer.

Patient Column

Clicking on the patient name will open the patient’s chart.

The Patient Column cannot be removed or placed in a different order.

- All other columns can be removed or reordered.

The column displays the following information face up (additional rows selected will display more information face up):

- Patient name
- * Name Alert
- VIP status
- Age
- Sex

***EDUCATION, TOM** 47 yrs M

DOB: MAY 24, 1975

FIN: 2217800004

MRN: 7202

VIP: Opt Out Only

*** Name Alert**

EDUCATION, TOM

Age:
47 yrs

Sex:
M

DOB:
MAY 24, 1975

MRN:
7202

FIN:
2217800004

Clicking in the name column, a window will open on the right. Additional information may display:

- VIP status (ex. Opt Out Only)
- * Name Alert
- Age
- Sex
- DOB (Date of Birth)
- MRN
- FIN

Location Column

- The unit and room number display in this column.
- Clicking in the column will open the window. Users are able to search a patient’s Location History.

Location

4603-A
C4

Location History

Start Date	End Date	
08 / 16 / 2022	08 / 30 / 2022	Search

The Start Date must be before the End Date.

Visit Column

This column provides the following information (some may display face up):

- Type (ex. Inpatient)
- LOS (length of stay)
- ADM DT (admit date)
- ADD (Anticipated Discharge Date)

Clicking in the column will open the window and additional information may display.

Visit

Type
I/P (Inpatient)

LOS

Cerner PowerChart EDUCATION

Care Team Column

The Care Team Column will initially be blank. Users will need to complete the following one time steps to display the providers:

1. Users will need to click in the column.
2. Window opens.
3. Click on Display Physician.
4. Attending providers now display in the Care Team Column.
5. Display Nurse is not being used at this time.

High Risk Column

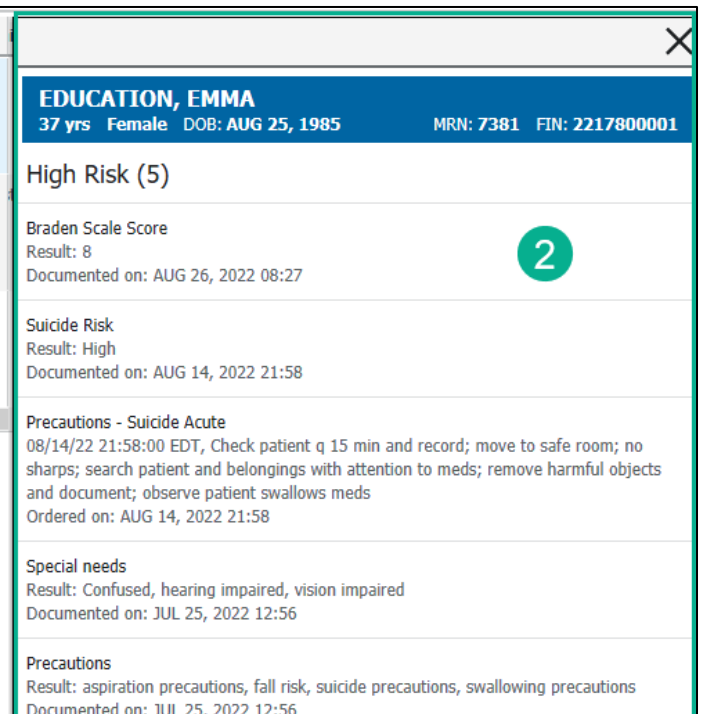

The High Risk Column will populate from the following orders:

- Precautions – Aspiration, Elopement 15 min, Seizure, Suicide 15 min, and/or suicide Acute
- Suicide Precautions – ED
- Restraints Non-Violent, Restraints Renewal Non-Violent, and/or Restraints Violent

The High Risk Column will also populate from the following orders:

- Braden Scale Score equal to or less than 12
- Braden Q Score equal to or less than 16
- Suicide Risk (High or Moderate)
- Neonatal Skin (NSRAS) equal to or less than 16
- High Fall Risk = yes
- Patient Care Alerts form:
 - Precautions section
 - Special Needs section

1. The column will display the number of High Risk Documented. Click in the column to see the specific High Risks.
2. Window opens displaying High Risks.
