

Discharge Absence Release Note Creation

1. Begin by selecting the **Discharge MPage**.
2. Under **Create Note** select **Discharge Absence Release**.

The screenshot shows the Cerner EHR interface with the 'Discharge Absence Release' option highlighted in the 'Create Note' menu. The 'UC Discharge' tab is active, and the 'Discharge Absence Release' option is circled with a red '2'. The 'Problem List' and 'Documents' sections are also visible.

3. **Complete** the Discharge Absence Release form and **Sign/Submit**.
4. Select **Sign/Print**.

The screenshot shows the 'Discharge Absence Release' form with the 'Sign/Submit Note' dialog box open. The dialog box has fields for 'Type' (Absence Release Note), 'Author' (Edueddoc, 30), 'Date' (8/22/2023), and 'Title' (Discharge Absence Release). The 'Sign & Print' button is circled with a red '4', and the 'Sign/Submit' button in the main form is circled with a red '3'.

5. The published note is now available in **Documents and Clinical Notes**. Staff have access to the note and can print as necessary. Patients can view the note via the portal.

The screenshot shows the Cerner EHR interface with the 'Discharge Absence Release' note listed in the 'Documents' section. The note is circled with a red '5'. The 'Documents' table shows the following data:

Time of Service	Subject	Note Type	Author	Last Updated	Last Updated By
AUG 22, 2023 14:10	Discharge Absence Release	Discharge Absence Release Note	Edueddoc, 30	AUG 22, 2023 14:10	Edueddoc, 30
AUG 03, 2021 11:27	ED/UC Work Related Medical Condition	Work Related Medical Condition Note	Edueddoc, 30	AUG 03, 2021 11:27	Edueddoc, 30
