

EMERGENCY RED PHONE LIST – ALL SITES

The Red Phones are provided for emergency back up to the regular telephones in case of the very unlikely event that the main telephone system were to fail. These phones are on a separate system, designed to work with our phones including five digit dialing and transfer capabilities. They are placed in strategic areas so that care can be provided during such an outage. Note that these phones should not be removed or disconnected at any time. They can be dialed as regular extensions or full phone numbers, as making sure they work is important.

All Sites: Traverse City, Cadillac, Grayling, Kalkaska, Manistee, Paul Oliver, Otsego

Munson Medical Center & Foster Family Community Health Center (Call 58111 or 231-935-8111 for Codes) (Offsite Dial 231-935-xxxx)
