

Patient Status Assignment for Urgent Care Clerical Staff

Cerner PowerChart and FirstNet EDUCATION

How to Set Status within PowerChart or FirstNet

When registering a patient, a status may be selected on the Tracking Board to indicate to staff and providers certain criteria:

Acute No Charge Nurse Only Telephone Visit Workers Comp

To set the status:

- 1. In PowerChart or FirstNet, navigate to the Consent Scan tab on the Tracking Board.
- 2. In the Status column, click on the drop-down menu next to the patient's name, and select the appropriate status.
