Visit the Michigan Immunization Portal at [michigan.gov/immunize](https://michigan.gov/immunize) or [michigan.gov/MilmsPortal](https://michigan.gov/MilmsPortal) to locate any existing record within MCIR that matches your government-issued photo ID. Examples of acceptable ID include:

- Driver's License
- State ID
- Passport

To maintain privacy, you will be asked to create or sign in to your MILogin account and upload photo ID. Your immunization record will appear as a .pdf document you may download, save, or print.

If an immunization record can't be found, please reach out to your primary care provider's office or local health department. Parents of children under 18 should also request immunization records from your child's provider or a local health department.
