

# Work Related Medical Condition for Urgent Care Registration and Clerical Staff

Cerner FirstNet and PowerChart EDUCATION

## Creating a Work Related Medical Condition Note

**Note:** Work Related Medical Condition was formerly known as Workers' Compensation.

Sections of the Work Related Medical Condition form can be prefilled by clerical staff for providers.

1. Begin by navigating to FirstNet or PowerChart and click the Tracking Board button.
2. Select the Consent Scan tab.
3. Select the patient for which you want to begin documentation on by single clicking in the far-left column of the tracking board. The patient row will become highlighted.
4. Click the  icon. The Work Related Medical Condition form opens.

5. Enter the following available information:
  - a. Date of Injury
  - b. Employer
  - c. Provider (Use the magnifying glass to search for the provider).
6. Sign the form; Click the  icon.

**Work Related Medical Condition**

Date of Injury must be filled in for any information to display on Patient Instructions

a Date of Injury: 12/01/2023

b Employer: Norther Michigan Pizza

Fields below to be completed by Provider only

c Diagnosis: [Empty]

Provider: Vaughan PAC, Kami E

**NURSING:** Please search for the Provider's Name in this field above
