

Admission H&P

The **Admission H&P** is created using the **Manage-ED/Observation Workflow** and is populated with the following components (bolded components listed are free text in the workflow):

- **Chief Complaint**
- **Assessment/Plan:** Prioritized problems from the **Problem List** will populate this component
- **Subjective/History of Present Illness**
- **Review of Systems**
- **Objective/Physical Exam**
 - Vitals & Measurements
- Lab Results
- Diagnostic Results
- This Visit Problems
- Chronic Problems
- **Procedure/Surgical History**
- Home Medications
- Allergies
- Social and Family History

The screenshot shows the 'Admission H & P' workflow interface. The left sidebar contains a list of sections: Chief Complaint, Assessment/Plan, VTE Prophylaxis, Code Status (Most Recent - This Visit), History of Present Illness, Review of Systems, Physical Exam, Vitals & Measurements, and Diagnostic Results. The main content area displays the following information:

- Chief Complaint:** test
- Assessment/Plan:** Left supracondylar humerus fracture
- Code Status (Most Recent - This Visit):** Code status: Full Code (02/07/22 13:05:00)
- History of Present Illness:** (Empty)
- Review of Systems:** (Empty)
- Physical Exam:** (Empty)
- Vitals & Measurements:** (Empty)
- Diagnostic Results:** (Empty)
- This Visit Problems:** Left supracondylar humerus fracture, 11/03/2021
- Chronic Problems:** No qualifying data
- Procedure/Surgical History:** (Empty)
- Home Medications:** amlodipine/hydrochlorothiazide/olmesartan 5 lisinopril 10 mg oral tablet, 10 mg= 1 Tab, Or
- Allergies:** acetaminophen (Itching)
- Social History:** Abuse/Neglect: Question not asked; Psychosocial/Spiritual: No Spiritual/cultural preferences:; Tobacco: Smoking tobacco use: Never (less than 100 in lifetime), 5-9 cigarettes (between 1/4 to 1/2 pack)/day in 30 days, Cigars or pipes daily within last 30 days.

Hospital Summary

The **Hospital Summary** is created using the **Discharge-Provider Workflow** and is populated with the following components (bolded components listed are free text in the workflow):

- Language
- Date of Admission
- Discharge Date
- Discharge Disposition/Condition
- Care Providers
- Reason for Presentation:
- All Diagnoses This Visit
- **Hospital Course**
 - **Assessment/Plan:**
Prioritized problems from the **Problem List** component will populate this component
 - Procedures and Treatments Provided
 - Significant Findings
 - Issues for Follow Up/Pending Results
 - Time Spent on Day of Discharge
- Vitals and Measurements
- **Objective/Physical Exam**
- Follow Up Information
- Patient Education
- **Patient Instructions**
- Medications
