

AUDIT-C Provider Quality Workflow for Providers

Cerner PowerChart Ambulatory EDUCATION

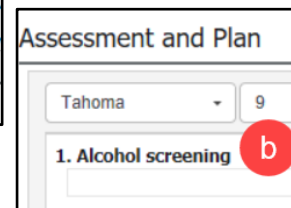

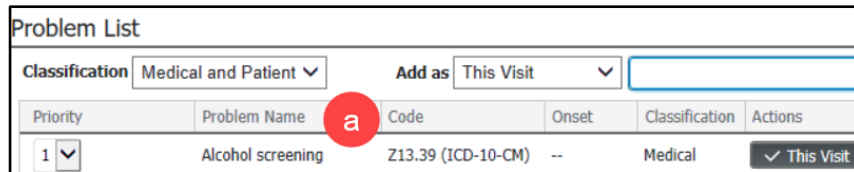

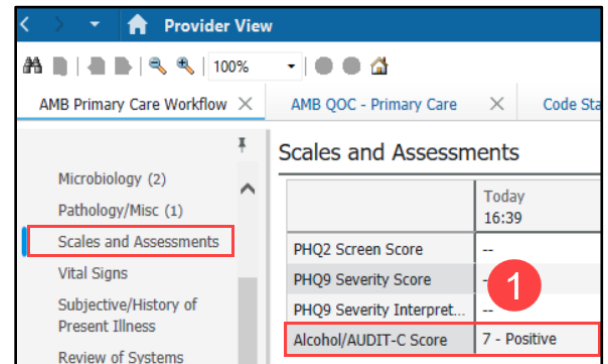

Summary: A new quality workflow has been created to document alcohol screening to meet quality measures for reimbursement. The U.S. Preventive Services Task Force recommends that clinicians screen adults aged 18 and older for alcohol misuse and provide persons engaged in risky or hazardous drinking with brief behavioral counseling interventions to reduce alcohol misuse.

When: October 17, 2019.

Support: Ambulatory Informatics at 231-392-0229

Workflow

1. In the Ambulatory Workflow, navigate to the Scales and Assessment Component to view the Alcohol/AUDIT-C Score once completed by clinical staff.
2. If the score is Positive: Document Annual Screening for alcohol and follow up plan.
 - a. Add the ICD-10 code: Z13.39 Alcohol screening to patient's Problem List.

- b. Document in Assessment and Plan.

3. If patient is counseled for 15 or more minutes, submit applicable counseling charge (see below).

Counseling CPT-4 Codes			
Payer	CPT-4	Cerner Description	CPT-4 Description
Commercial, Medicaid	99408	Alcohol and/or Substance abuse screening, 15-30 mins	Alcohol and/or substance abuse structured screening and brief intervention services, 15-30 minutes.
