

COPD Maintenance – Spirometry for Providers, Care Team Members

Cerner PowerChart, Ambulatory EDUCATION

Chronic Obstructive Pulmonary Disease (COPD) Maintenance is recommended for patients with a documented diagnosis of COPD. This health maintenance recommendation will automatically display on the Ambulatory Workflow page annually. When the COPD Maintenance Recommendation indicates that COPD Maintenance -Spirometry is due or overdue, either a Spirometry order should be entered, or Spirometry results documented to complete the Recommendation.

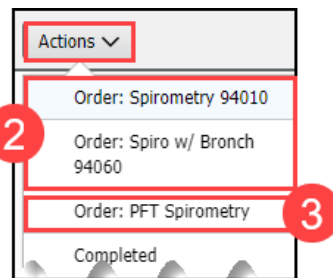

COPD Maintenance-Spirometry Order

To Order the appropriate Spirometry order:

1. Click Orders or Actions for the COPD Maintenance - Spirometry Recommendation.

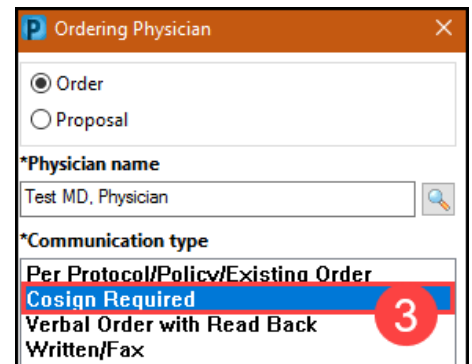

2. For spirometry testing to be done in an ambulatory practice, select the appropriate spirometry order **with the CPT code.**
 - i. Spirometry 94010.
 - ii. Spiro w/ Broch 94060.

3. For spirometry testing done outside of an ambulatory practice select the order:
 - i. Order: PFT Spirometry.

4. If clinical staff is entering the order:
 - a. Enter Ordering Physician details, select Order, Cosign Required, and click OK.

5. Click on Orders for Signature.

6. If the provider has addressed problems for This Visit, associate the COPD diagnosis in Orders for Signature and click Sign.

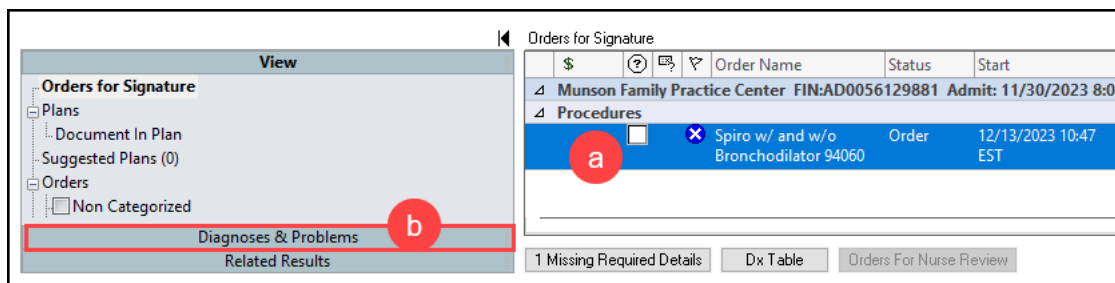

7. If the provider has not addressed problems for This Visit, click

Modify Details

Modify Details:

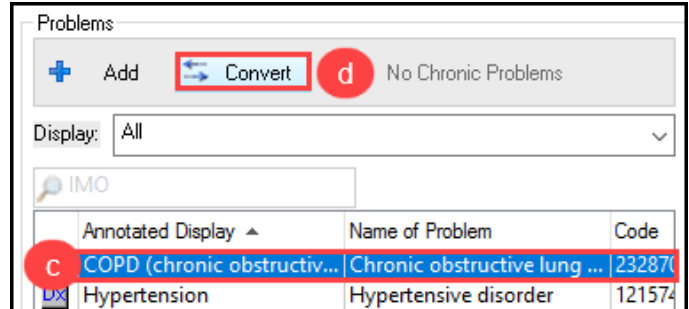

- a. Select the correct order.
- b. Click on the Diagnoses & Problems band.

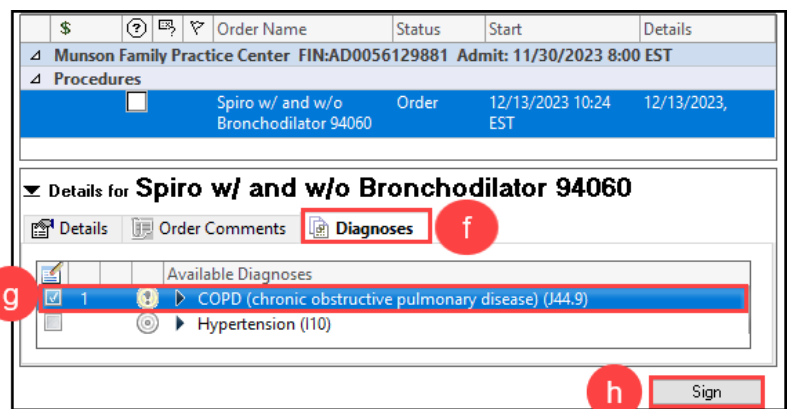

COPD Maintenance – Spirometry for Providers, Care Team Members

Cerner PowerChart, Ambulatory EDUCATION

- c. Click the appropriate COPD diagnosis from the Problems section on the left navigator.
- d. Click Convert to convert it to a Diagnosis (Problem) being Addressed this Visit.
- e. If there is more than one COPD diagnosis listed, use the most specific diagnosis. If you are unsure, verify which diagnosis to use with the provider.

- f. The diagnosis is now available under the Diagnoses tab of the order Details.
- g. Check the box next to the diagnosis to associate the diagnosis to the order.
- h. Click Sign.

8. The COPD Maintenance-Spirometry Recommendation moves to the Not Due/Historical tab.

Note: If Spirometry was ordered as an in-office order with CPT, refer to the [Clinical EHR Education](#) website for more information on how to complete the documentation.

Documenting a Completed COPD Maintenance-Spirometry

If Recommendations indicate COPD Maintenance-Spirometry is due and the patient reports the maintenance was completed elsewhere:

1. Review Outside Records in the dark blue menu.
2. If results are available and maintenance was completed within the recurrence timeframe, navigate to Recommendations.
3. Select the COPD Maintenance-Spirometry Recommendation to update.

4. Click on Actions.
5. Select Completed.

6. Complete the Satisfy Date, Reason, and Comment (if necessary) fields and click Save.

The screenshot shows two parts of the Cerner PowerChart interface. On the left, a dropdown menu titled 'Actions' is open, with the 'Completed' option highlighted. A red box with the number '4' is around the 'Actions' dropdown, and a red box with the number '5' is around the 'Completed' option. On the right, a form titled 'COPD Maintenance- Spirometry' is shown. The form has a 'Save' button and a 'Cancel' button. The 'Satisfy Date' field is set to '11 / 30 / 2023'. The 'Reason' field is a dropdown menu with 'Select an option' selected. A red box with the number '6' is around the 'Reason' field. The 'Recorded for' field is set to 'Eduambrn, 2'. The 'Comment' field is empty.

Completed COPD Maintenance-Spirometry -Not Available

If Recommendations show COPD Maintenance is due and the patient reports the maintenance was completed, but the report is **not** available:

1. Request the patient complete a Medical Release of Information form to obtain outside records.
2. Fax the completed and signed form to the performing facility.
3. Once the report is received, update Recommendations as outlined above.
4. Notify the provider that the report is available to review and sign-off.

NOTE: Providers are responsible for updating Recommendations annually.

COPD Maintenance-Spirometry Due- Recommendation is Not Listed

If the patient is due/overdue for COPD Maintenance-Spirometry but a recommendation is not present:

1. Follow steps to place the appropriate COPD Maintenance-Spirometry order.
2. Contact Ambulatory Informatics at 231-392-0229 to notify them of the issue.
