

# Code Status – Advance Care Planning MPage for Providers

Cerner PowerChart EDUCATION

The **Code Status - Advance Care Planning** MPage contains the patient’s code status information, advance care planning documents (such as an out of hospital medical order, advance directive, letters of guardianship, decision making capacity assessments), emergency contacts, and the Healthcare Decision Maker (Guardian, Advocate, Surrogate or Parent/Foster Parent) information as applicable. Emergency Contact information will display from the last 6 months, 1 year or 5 years depending on the filter selected.

**Note:** If a document is scanned into the patient’s chart, but there isn’t any information displayed on the Healthcare Decision Maker section of this MPage, the user should reference the scanned document.
