

Custom Patient List Creation for Provider

Cerner PowerChart EDUCATION

Creating a Custom List

A custom list can be created to allow the user to add and remove patients form that list.

- 1. Select the Patient List from the top tool bar.
- 2. Click on the **wrench** icon.
- 3. To create a Custom List, click New.
- Patient List

Click Custom.
 Click Next.

- 6. In the Custom Patient List window, disregard the filter options and enter a name for the new list.
- 7. Click Finish.

- 8. Return to the Modify Patient lists window and click on the list name.
- 9. Click the **blue arrow**. The list name moves to the Active Lists section.
- 10. Click OK.

Adding a Patient to a Custom List

In a Patient's Chart:

- 1. Within a patient's chart, click the **Patient** tab in the top toolbar.
- 2. Click Add Patient to a Patient List.
- 3. Click the name of the Custom List.
