

Cerner PowerChart EDUCATION

The Discharge PowerPlan is a prearranged group of orders that are available for selection by a provider to assist in the process of discharging a patient from the hospital. Discharge orders and details can be added within the Discharge PowerPlan to direct the patient on self-care and when to seek medical attention. The details added in the PowerPlan are automatically added to the Patient Instructions component within the Hospital Summary.

Discharge PowerPlan

To order a Discharge PowerPlan:

- 1. Navigate to the dark blue PowerChart Menu and select the Orders section.
- 2. Click the Add button.
