Launching DMO with Meditech

1. Open Citrix StoreFront by typing **storefront.mhc.net** into a web browser or by clicking on the Citrix Workspace icon on the desktop.
2. Click on the Dragon – ED icon.

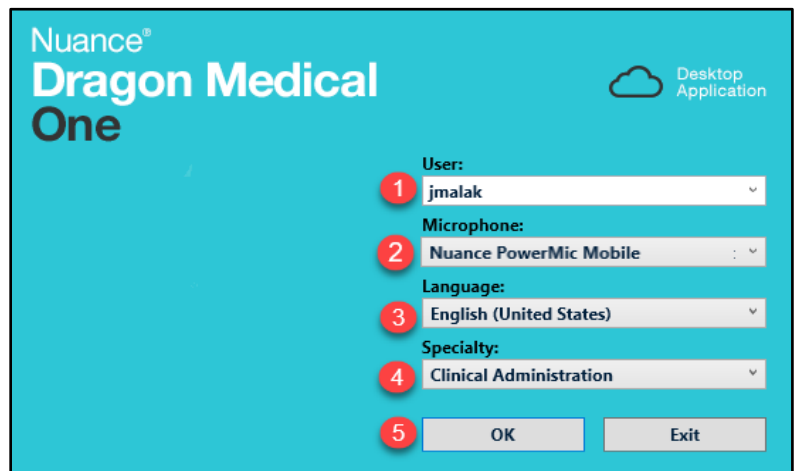

Note: If the Dragon – ED icon is not on the Citrix Workspace HOME screen, click on APPS at the top of the screen.

Logging Into Dragon Medical One and Meditech

When using a headset or the **Nuance PowerMic Mobile** application on a mobile device for dictation, Dragon Medical One requires a sign-in.

1. **User:** Your Windows username.
2. **Microphone:** Select the correct microphone using the drop-down menu.
3. **Language:** Select the correct language.
4. **Specialty:** Select the correct specialty or a closely matched specialty using the drop-down menu.
 - a. Choose General Medicine or Internal Medicine if the desired specialty is not listed.
 - b. Use Clinical Administration for non-medical dictation.
5. Click **OK**.

6. The DMO Dragon Bar will launch.

Dictating

Within Meditech, fields with the paper and pencil icon are available to use DMO dictation for documenting information.

- Place the cursor in the text box then hold the red button on the DMO microphone.

The screenshot shows the Meditech software interface. At the top, there are tabs for 'HPI', 'History', 'ROS', 'Exam', and 'A&P'. Below these is a 'General Information' section with a 'Date of Service' field containing '5/20/21'. A red box highlights a paper and pencil icon next to the date. Below the date field is a text box containing '5/20/21'. A red arrow points from the paper and pencil icon to the text box. A red-bordered callout box contains the text: 'Place cursor and use DMO to dictate directly into the text box.'
