

# Electrocardiogram (ECG/EKG) Order for Providers and Clinical Staff

## Cerner PowerChart Ambulatory EDUCATION

When ordering an ECG/EKG, it is important to determine the performing location and choose the correct corresponding order.

### Electrocardiogram (ECG/EKG) Order

EKGs to be performed at any Munson Healthcare ambulatory clinic on Cerner, select the EKG order **with a CPT code** (number) following the order name.

- Choose **EKG 93000** if test is being done the **same day in the office**.
- Choose **EKG Future Order 93000** if EKG is to be **done in the future in the office**.

EKGs to be performed at a hospital or other outside location, select the EKG order with **no CPT code**.

#### Locating the correct EKG order:

- **Quick Orders page:**
  - **EKG to be done in the clinic:**
    1. Find Diagnostics/Cardiac Diagnostics Orders.
    2. Click on the appropriate EKG order with CPT code.
  - **EKG to be done at the hospital or an outside location:**
    1. Go to New Order Entry.
    2. Search for EKG and select the appropriate EKG order with no CPT code.
- **Ambulatory Workflow page:**
  1. Navigate to New Order Entry on the Workflow page.
  2. Search for EKG.
  3. Select the appropriate EKG order.
