

Health Maintenance Recommended Medication Cancellation for Providers

Cerner Ambulatory PowerChart EDUCATION

How to Cancel a Health Maintenance Recommended Medication

Health Maintenance may recommend a medication that a provider deems inappropriate for the patient. The provider can then permanently cancel the recommendation.

On the Ambulatory Workflow page:

1. Navigate to the Recommendations Component.

- 2. Select the appropriate Medication Prescribed Recommendation.
- 3. Click the Actions button.
- 4. Click Cancel permanently.
- 5. Select a Reason for Cancellation
- Enter any pertinent comments. 6.
- 7. Click Cancel Recommendation.
- 8. The Recommendation is moved Historical section under the Can
