Searching for a Person

Complete the steps below to search for a person.

 Click inside the search box. Depending on your site's configuration, you may see an option to search by one of the following patient identifier types: Date of Birth (DOB), Medical Record Number (MRN), National Health ID, or Payer Member ID.

- 2. Enter search criteria. The search criteria replaces the help text, and results are displayed based on search relevance.
- 3. Do one of the following to select a search result:
 - Click the name of the person to display the person's summary (Person View) for that person.
 - Click the name of the physician to display the provider's summary.
 - Click the name of an organization to display the organization's summary.

Viewing a Person's Outreach History

From a person's summary, click the **Activity History** subtab, and then select **Outreach** from the Displaying list.
