Discontinued tasks will display in the Notifications tab with **Discontinue** in the Order Details column.

## **Discontinued Tasks on the Discipline Specific Task Tabs**

**Refresh** to remove the discontinued task from the discipline specific task tab.

If the tab is **not** refreshed, and the discontinued task is clicked on:

1. An alert will display.

2. Click **OK** to close the alert.

| Name Location/Room/Bed S                             | Warning 🚹  | × |
|--|--|---|
| 67 EDUCATION, LILAH MMC A2 / 2501 / A C<br>5/15/1960 |  |   |
|  | The task [Eval & Treat - OT] has been updated since last viewed. The new status is<br>[ Discontinued ] . The task will be refreshed to the new status. |   |
|  | 2  | _ |
|  | ок   |   |

3. The task will have a red box, indicating that it has been discontinued.

| <u> </u> |    |                               |                   |                         |                   |             |  |
|----------|----|-------------------------------|-------------------|-------------------------|-------------------|-------------|--|
| 3        |    | Name                          | Location/Room/Bed | Scheduled Date and Time | Task Description  | Task Status | Order Details  |
|          | 66 | EDUCATION, LILAH<br>5/15/1960 | MMC A2 / 2501 / A | 11/1/2023 13:44 EDT     | Eval & Treat - OT | Discontin   | 11/01/23 13:44:00 EDT, Patient cleared for treatment today |

4. Click on the red box associated with the task.
5. An alert will display.
6. Click Yes.

The task will display a green checkmark and will be removed from the task list once PowerChart is refreshed.
