MyExperience for Providers, Residents, and Students

Cerner PowerChart and Ambulatory **EDUCATION**

MyExperience allows some providers, residents, and students to change what opens first when logging into PowerChart and change the HOSP and/or AMB MPage workflows located in Provider View.
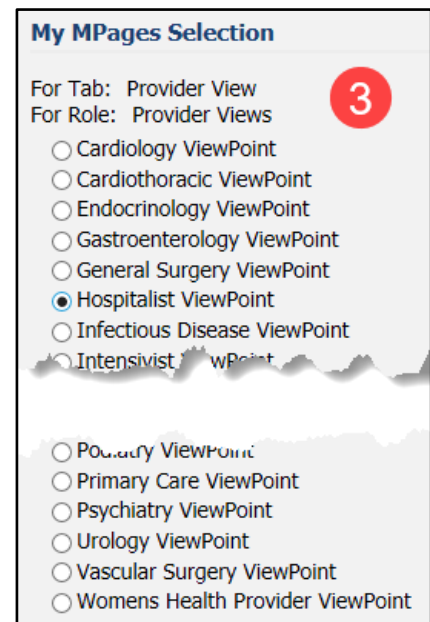

How to Change MyExperience

1. Click on the MyExperience button in the toolbar.   [🖥 MyExperience]

2. To change what opens first when logging into PowerChart:
   a. On the left side, under My Default Organizer View, select the preferred option.
   b. Then in the bottom right, click Save.

   [Reset   **Save**]

   My Default Organizer View   ②
   - ● Patient List
   - ○ Home
   - ○ Message Center
   - ○ Dynamic Worklist
   - ○ Invitations
   - ○ Tracking Board
   - ○ Quality Measures Summary
   - ○ myLists
   - ○ myViews
   - ○ MyExperience

3. To change the HOSP and/or AMB MPage workflows located in Provider View:
   a. On the right side, under My MPages Selection, select the preferred option.
   b. Then in the bottom right, click Save.

   [Reset   **Save**]

   My MPages Selection   ③

   For Tab: Provider View
   For Role: Provider Views
   - ○ Cardiology ViewPoint
   - ○ Cardiothoracic ViewPoint
   - ○ Endocrinology ViewPoint
   - ○ Gastroenterology ViewPoint
   - ○ General Surgery ViewPoint
   - ● Hospitalist ViewPoint
   - ○ Infectious Disease ViewPoint
   - ○ Intensivist ViewPoint
   - ○ Podiatry ViewPoint
   - ○ Primary Care ViewPoint
   - ○ Psychiatry ViewPoint
   - ○ Urology ViewPoint
   - ○ Vascular Surgery ViewPoint
   - ○ Womens Health Provider ViewPoint

4. In the bottom right, clicking Reset will revert to the previously saved settings.

   [**Reset**   Save]
