

New Order Entry Component for Providers

Cerner PowerChart and Ambulatory EDUCATION

Overview

The New Order Entry component in the AMB and Manage Specialty Workflows within the Provider View allows for various types of orders to be searched, entered, and favorited for future use.

Searching for an order can be done the following ways:

1. Type an order into the search field.

OR

- 2. Select a tab and search through the available orders.
 - a. Home: Displays provider specialty specific orders (Hospitalist specialty displayed).
 - b. Mine: Displays any folders, orders and/or PowerPlans that have been saved as a favorite.
 - c. Public: Displays all provider specialty specific order folders.

Click the star to save

the order as a favorite

d. Shared: Search a specific provider's name to view their favorited orders for selection and/or favoriting.
