

# Nuance Healthcare ID and Associated Resources for Providers and Dragon Users

## Nuance Dragon Medical One EDUCATION

### Nuance Healthcare ID

Nuance Healthcare ID provides additional access to online management and personalization tools in Dragon Medical One and requires a one-time registration. Once registered, the user will have access to 33 clinical calculators.

To create a Nuance Healthcare ID:

1. Click the DragonBar menu.
2. Select My Nuance Healthcare ID.
3. Complete the registration form.
4. Click Register.

- The user will receive a confirmation email after registering.
- **Note:** The link in the registration email expires 30 minutes after it is sent.

The first screenshot shows the user interface with the DragonBar menu open. A red circle '1' highlights the menu icon, and a red circle '2' highlights the 'My Nuance Healthcare ID...' option. The second screenshot shows the 'Create your Nuance Healthcare ID' form. A red circle '3' highlights the 'Register' button. The form includes fields for Primary Email Address, Password, Confirm Password, Primary Specialty (dropdown), First Name (Brittany), and Last Name (Kennedy).

### Clinical Calculator

To use clinical calculators when using DMO:

1. Say, "Clinical Calculators" into the PowerMic.
2. Choose a calculator.
3. Complete the form to create a result.
4. The References link allows the user to access the clinical references associated with that calculator.
5. The Transfer link allows the result to be transferred to the user's documentation, if desired.

The first screenshot shows the 'Clinical Calculators' screen with a list of calculators. A red circle '2' highlights the 'Apache II Score' option. The second screenshot shows the 'Apache II Score' calculator form. A red circle '3' highlights the 'References' link, and a red circle '4' highlights the 'Transfer' button. The form includes a 'Units to use' section (Imperial units selected) and a 'Chronic organ insufficiency or immunocompromise history' section with radio button options.
