

Return to Clinic Orders for Providers and Clinical Staff

Cerner PowerChart Ambulatory EDUCATION

Return to Clinic Orders are available with common appointment types for each specialty to easily order and modify. The Return to Clinic orders display the specialty based on the patient encounter selected.

Return to Clinic Orders

1. Navigate to the Ambulatory Quick Orders and Charges (AMB QOC) MPage.

2. Locate the **Clinic Follow Up** Component.

a. The Return to Clinic specialty displays based on the current patient encounter.

3. Select the desired Return to Clinic time frame.

a. **Clinical Staff:** Select the correct Proposed Order Communication type.

b. For more information  on Order Communication types, see the [Clinical EHR Education website](#).

4. Click **Orders for Signature** when the order(s) are ready for signature.

5. Associate a Diagnosis, if available.

6. Click **Modify Details** to modify the Appt Type or Follow-up time frame.

7. Select the correct **Appt Type** in the Order Details.

8. Modify the Follow-up timeframe, if needed.

9. Associate the correct Diagnosis to the order, if not already done.

10. Click **Sign**.
