

SkyVue Viewing Two Images for Providers, Nurses, Clinical Staff

Cerner PowerChart, FirstNet and Ambulatory EDUCATION

Comparing Images from a Different Series

To compare images from a different series (compare today's chest x-ray against yesterday's chest x-ray):

1. Click the Series icon, located on the Toolbar. Drag mouse over the number of

views desired simultaneously.

- 2. From the top Menu Bar click Workspace.
- 3. Click Workspace Gadgets.
- 4. Click History.

- 5. Images are selectable from the **History Toolbar.**
 - To adjust the view, hover over blue lines, once black arrows appear, left click and drag to preferred view.

Toolbar	× History - R	ADNET, RED, J	5		
۴.					
MR	CR	CT	CR UP FXM	NM	Ŷ

6. Double click the desired image in the History Pane to load the thumbnails into the Thumbnail pane.
