

Ventilator Order Modification for Respiratory Therapists

Cerner PowerChart EDUCATION

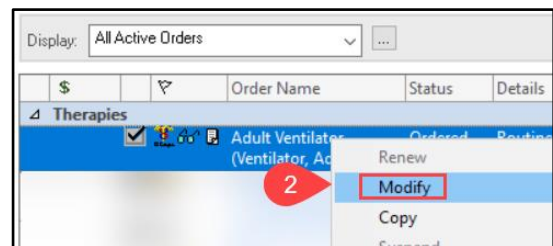

Ventilator Order Modification

As patient care progresses, a ventilator order may need to be modified to reflect the updated plan of care.

1. From the orders section of the patient's chart, locate the ventilator order.

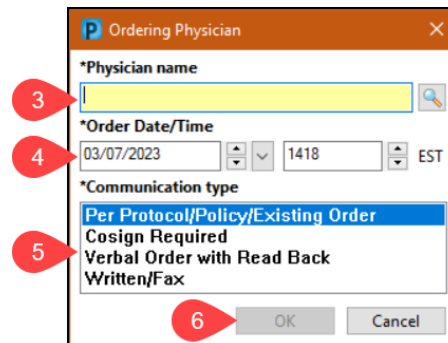

2. Right-click on the order and select **Modify**.

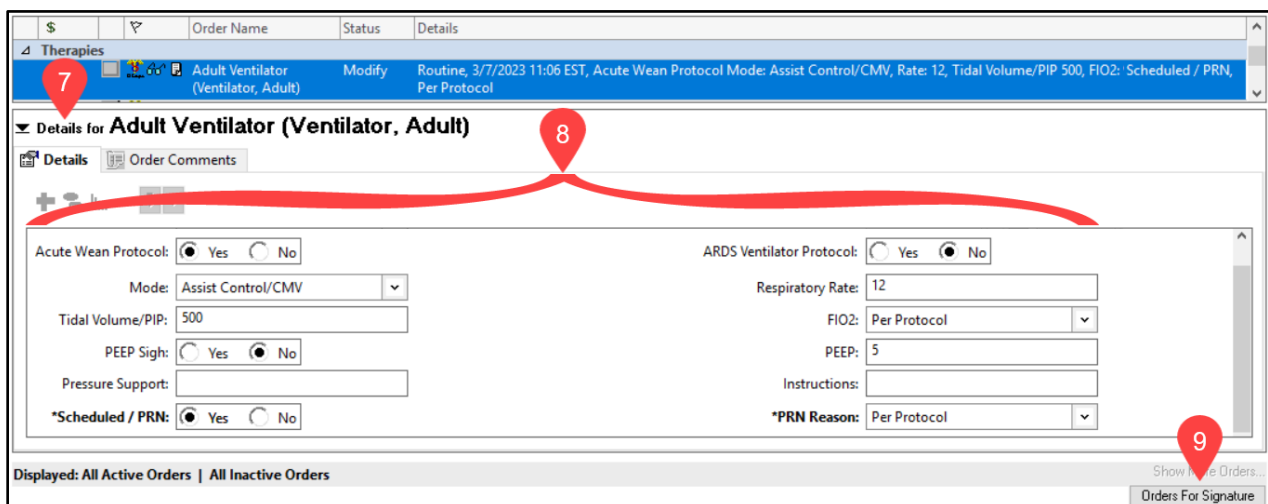

Enter:

3. Provider name.
4. Order Date/Time.
5. Appropriate Communication type.
6. Click **OK**.

7. Order Details will display under the order to be modified.
8. Update order details as appropriate to reflect the current plan of care.
9. Click **Orders For Signature** to sign the order.
