Rayden's Story

Jeremiah Eastman holds his son Rayden, who was born 13 weeks early and spent 145 days in the Neonatal Intensive Care Unit at Munson Medical Center. While in the NICU, Rayden, now 10 months old, had hernia surgery—the first such surgery at MMC, which is beginning to offer additional neonatal services to more babies.

145 Days in Munson Medical Center's NICU: Rayden's Story

Jeremiah and Melinda Eastman with their daughter Brooke, 8, and son Rayden, 10 months.

Six months into her pregnancy, Melinda Eastman suddenly got ill — so ill that she went to Cadillac Hospital Urgent Care.

“It kind of came on like a strike of lightning,” said Eastman, whose pregnancy up until that point had been uneventful. “It was pretty scary.”

Eastman was then sent to the hospital's emergency department for evaluation. Fairly quickly, doctors determined she needed to be taken by ambulance to Munson Medical Center for additional care.

After arriving, Eastman learned she had HELLP Syndrome, a series of symptoms including hemolysis

(breakdown of red blood cells), elevated liver enzymes, and low platelet counts which affects a small percentage of pregnancies. As a result, she needed to deliver her son Rayden immediately by cesarean section.

Rayden, who was born 13 weeks early, weighing just 2 pounds, would spend the next five months in MMC's Neonatal Intensive Care Unit. Eastman and her husband, Jeremiah, spent as much time with their son as possible. Being able to stay close to the hospital at Munson Manor Hospitality House, and knowing Rayden was in loving hands in the NICU helped tremendously during this challenging time, Eastman said.

When the couple learned Rayden would need hernia surgery, they felt confident in the care their son would receive and relieved that the surgery could take place at MMC. “He got to stay here with his primary care nurses,” she said. “And knowing that the surgeon specializes in this procedure and could do it here — it meant a lot.”

Health Care Team Performs First Infant Hernia Surgery at MMC

Rayden's hernia surgery marked a first for MMC, which is beginning to offer additional neonatal services to more babies, said Lisa Allred, MD, one of two on-staff neonatologists who were part of Rayden's care team.

Hernia surgery, which is a fairly common procedure for premature babies, is typically done at either Helen DeVos Children's Hospital or University of Michigan Hospital. However, a partnership with pediatric urologist Kirstan Meldrum, MD, of Covenant Hospital in Saginaw made the procedure possible in Traverse City.

The surgeon, anesthesiologists, physicians, nurses, and pharmacists worked hard to ensure the procedure was a success. This involved hours of planning, including a night-before “surgery walk-through.”

Being transparent with the Eastman's and letting them know this would be a first for MMC was also important, Dr. Allred said, because having their full support was essential.

“They told us, ‘We trust the team. You know him. You've cared for him since he was at his sickest and we

want him to stay here.’ For us, that was really a motivator to do this and do it right,” Dr. Allred said.

And the team did. Rayden’s surgery was a success and a second successful infant hernia surgery took place earlier this year.

Inside Our NICU and Pediatric Services

MMC’s NICU is the only one in northern Michigan, serving 21 counties across the Munson Healthcare region.

The Health Care Team consists of board-certified neonatologists, neonatal nurse practitioners, and specially-trained neonatal nurses for NICU services. In addition, we have board-certified pediatric specialists, pediatric nurses, and child life specialists to continue care for our littlest patients.

Members of the NICU health care team.

Taking a more family-integrated approach to care is the future of our neonatal and pediatric programs, Dr. Allred said. “We know developmental outcomes are much better when parents are involved. So, our new model is going to be family-integrated care, where parents are

active members of the care team at the bedside. They’re doing the care themselves and they know their baby better than anyone else. You can’t do that if you have a baby displaced from the community hundreds of miles away.”

Dr. Allred said she is proud of what MMC is providing, and will provide with the new Family Birth and Children’s Center. For the Eastman family, having spent months in the NICU with Rayden, the unit’s current tight quarters made a stressful situation even more challenging. In the new center, however, private rooms will provide a much-improved experience for NICU patients and their families.

“We’re bringing in the support, equipment, and skills we need to provide better care for more babies up here, which is awesome. We do know there are going to be rare circumstances where we have to rely on our colleagues downstate who provide us specialty services,” she said. “But for the most part, anything baby needs — a sick newborn or premature infant — we want to be able to provide here. And we want to be able to provide it in a very personal way that keeps that family completely involved in their baby’s care. I’m excited. I love, love, love being here. We are growing and we are serving northern Michigan. We owe it to our families and our communities — to be able to provide these services — and I know we can do it well.”

Our Capital Campaign: The Next Chapter

Munson Healthcare is three years into a five-year capital expansion project and campaign. It is the largest expansion project in Munson Medical Center’s history and featured in that expansion are additional operating rooms, additional surgery capacities, and the Family Birth and Children’s Center.

“We announced our campaign of \$36 million dollars last August and our campaign will run through June of 2020,” said Desiree Worthington, Chief Development Officer for Munson Healthcare and President of Munson Healthcare Foundations. “To date, we have raised \$33 million dollars, and we need to raise \$3 million more ... It’s time for all of us to work together to make this a reality.”

To learn more about the Family Birth and Children’s Center and how to contribute, please visit munsonhealthcare.org/thenextchapter.

From NICU Baby to Thriving Toddler: Happy and Healthy Lucas Fortine, Along With Twin Brother Bode

Bode (left) and his twin brother Lucas.

Twin brothers Lucas and Bode Fortine began walking at 13 months and haven't slowed down since, say parents Kristy and John.

"As soon as they started walking, I don't think they ever crawled again," John said. "And they like to hold hands when they're walking," Kristy added.

You may remember these sweet boys and their parents—we featured this Bear Lake family in the December 2017 issue of *Focus*. Just three months old at the time, Lucas and Bode were born at 35 weeks at Munson Healthcare Manistee Hospital. Lucas spent 17 days in the Neonatal Intensive Care Unit at Munson Medical Center in Traverse City.

Munson Medical Center has the only NICU north of Grand Rapids—its rating as a Level 3 Regional Center means it is equipped to care for infants with significant respiratory and critical care needs. Eight hours after the Fortine twins were born, Lucas needed to be taken to Traverse City because of respiratory issues.

Kristy's mom, Minda Sievert, RN, an operating room charge nurse at Manistee Hospital, followed Lucas to Munson Medical Center and stayed in the NICU with her grandson. Two days later, Kristy, John, and Bode arrived at Munson Medical Center, staying at Munson Manor with Kristy's mom so they could be close to Lucas.

The experience of having their child in the NICU was traumatic, Kristy and John said, but having an "awesome" support staff made all the difference.

"The most helpful part was all of the nurses and staff were so great," Kristy said.

John and Kristy acknowledge that having a private room for their family during those 17 days would have made the experience all the better. They say it's exciting to hear that private rooms are part of the plans for the new Family Birth and Children's Center at Munson Medical Center.

"Especially for me, with having twins,

my choice was leaving my baby in the NICU and going back home to be with my other baby, or carry my preemie infant through the hospital, where there are sick people," she said. "Having those private rooms will be so amazing."

Kristy and John are enjoying their full, busy life as parents of twin toddlers. Both boys are strong and healthy.

"They caught up so fast," Kristy said of their growth and development.

"Their pediatrician told us by six months they were on track and right where they should be."

And ever since having tubes placed in their ears due to recurring ear infections, the boys are talking up a storm. Each morning when they wake up, they're asking for a banana, which they like to split between them. They like using their spoons and forks—all by themselves—to taste all sorts of food, including mashed potatoes and pasta.

Making a mess of the living room with their basket of toys is another favorite pastime.

"Life is hectic," John said, "but I couldn't imagine it any other way."

You Can Make the Gift of a Lifetime

Did you know that you can create a legacy at Munson Healthcare without changing your will or parting with any assets now?

You can designate your Munson Healthcare local hospital or Munson Healthcare Hospice as a beneficiary of your retirement plan assets. You do not need to modify your will or living trust, and you can name Munson Healthcare as the sole beneficiary or one of several. This allows you to give while still providing for family or loved ones.

If you are over 70½ years of age and do not need your required minimum distribution, you can make a tax free gift from your traditional IRA. Thanks to a tax law extension passed in December 2015, the "IRA Charitable Rollover" option has become permanent. You can transfer up to \$100,000; it must come directly from your IRA administrator to the Munson Healthcare Foundations. The gift will not be taxed as income to you.

Staff members at Munson Healthcare Foundations are available to answer your questions about legacy giving. Please contact us at **231-935-6448** or legacy@mhc.net.

Legacy Society Members

The Legacy Society represents a list of donors who have named Paul Oliver Foundation or Munson Healthcare Foundations in their will or estate plans to support Kalkaska Memorial Health Center, Munson Healthcare Hospice, Munson Medical Center, or Paul Oliver Memorial Hospital. It also includes those who have made a Charitable Gift Annuity or other life income arrangement. If interested in becoming a Legacy Society member, call the Legacy Giving office at 231-935-6448.

Foster Family Community Health Center Provides New Healing Space

A redesigned community health library, café, and Urgent Care all are part of upgrades to the newly-named Foster Family Community Health Center, 550 Munson Avenue in Traverse City. A generous gift from the Foster family led to these changes.

The newly updated facility provides resources for getting—and staying—healthy. This renovated space includes:

- The community health library and internet access area, providing resources for you and your family
- An updated café, featuring new and expanded healthy menu options
- A new Urgent Care area, with a more private and comfortable waiting room
- Expanded and updated waiting areas throughout the first floor
- Improved face-to-face interaction with the Cardiac Rehab staff

“We’ve redesigned this space with our patients and community members in mind,” said Ed Ness, President and

CEO of Munson Healthcare. “We are incredibly grateful to the Foster family for their generosity and commitment to helping us build a strong and healthy community.”

A ribbon-cutting and unveiling of this revamped space formerly known as Munson Community Health Center took place Tuesday, May 7. Ness gave brief remarks and the event also featured refreshments and information about resources available at the community health center.

“One of the goals of this project is to provide a positive environment that will motivate, inspire, and support people in their quest to regain or retain their good health,” Phyllis Foster said. “The center provides the information, education, and clinical expertise patients need in order to adopt a healthy lifestyle. The facility is now user-friendly and the access to clinical care is seamless.”

The Foster Family Community Health Center is home to the following Munson Healthcare resources and services:

- Cardiac Rehab
- Childbirth Services
- Community Health Library
- Comprehensive Pain Management
- Coumadin Clinic
- Healthy Weight Center
- Home Health/Hospice
- Imaging
- Lab
- Occupational Health and Medicine
- Pharmacy
- Pre-operative Assessment Clinic
- Pulmonary Rehab
- Rehabilitation Services
- Sleep Disorders Center
- Urgent Care

Other services located at the facility include:

- Access Dental Group
- Helen DeVos Children’s Hospital Pediatric Specialty Clinic
- Mary Free Bed Rehabilitation
- Northwestern Michigan Dermatology, PC

Thanks to generous gifts from community members throughout our health care system, we're able to enhance our facilities and services in a number of ways. Here's how a recent gift led to the expansion of our surgical services at Cadillac Hospital, and how Paul Oliver Memorial Hospital Auxillary's fundraising efforts led to new family-friendly features.

Cadillac Hospital Opens Fifth Operating Room

An increase in surgical cases and plans to increase services in cataract surgery, general surgery, and orthopedic surgery are the reasons behind a fifth operating room. The new operating room and new minor procedure room — a \$1.4 million project — opened this spring. Surgeons are already booking extra time in the new OR to help ensure our Cadillac community receives

prompt care. “We are so thankful that Munson Healthcare Foundations has invested in the Surgical Department,” said Cristen Brandsma, Director of Surgical Services at Cadillac Hospital. “We provide high quality care to every patient, every time. This project is fully funded by the Mercy Hospital Cadillac Endowment and the Foundations’ investment benefits our patients and our hospital — and helps to ensure our future success.”

Paul Oliver Memorial Hospital Opens New Youth Space ‘The Loft’

The Health Care Team at Betsie Hosick Health & Fitness Center in Frankfort has been working hard “to cultivate a family-friendly culture” and recently introduced several changes, said Stephanie Williams, fitness center manager. These include:

- **New youth space:** The Loft is available for families wanting to use the space, play a fun game, or just burn off some energy. No formal program or supervision is scheduled, except on Thursdays. Adult supervision required. Paul Oliver Memorial Hospital Auxillary’s fundraising efforts through the Tri Up North Triathlon in Frankfort made this new youth space possible.
- **New youth classes** that started in January. Instructors offer semi-structured, supervised activities in a fun, supportive environment. Adult supervision not required. Children 5 - 12 welcome.
- **Our new emphasis on youth programming** provides more opportunities for families to get moving and be well together. Highlights include youth 5+ may take group fitness classes with their parents or youth 5 - 12 may participate in scheduled Loft programming.

Community Events: Having So Much Fun for a Cause

The 9th annual **Bras for A Cause**, an event supported by the Women's Council of Realtors, Northern Michigan, took place Oct. 12 and raised \$31,000 for the Women's Cancer Fund.

Lindsey Collins and her two sons continued their "Blessing Bags" tradition and presented handmade gifts to patients at the Cowell Family Cancer Center. Each gift bag contained inspirational messages, herbal tea and lozenges, fuzzy socks, lotion, and puzzles.

The **Leapin' Leprechaun 5K** took place March 16 this year, with the National Cherry Festival choosing to give proceeds of this fun run to the Family Birth and Children's Center. More than 900 people (and many four-legged companions) braved the wind and snow to show support for our littlest patients.

Katie Heintz Basketball Tournament

Held each year to raise funds for Munson Healthcare's Pediatric and Infusion Clinic, the 14th Katie Heintz Basketball Tournament at St. Francis High School took place March 2. Established in memory of Katie Heintz, a 16-year-old St. Francis student who passed away after a battle with leukemia, the tournament pits students against teachers in friendly games of basketball – with all proceeds benefitting patients and families receiving services here.

Thanks to Team Elmer's and the generosity of the Broad family, this year's event raised more than \$40,000, with \$20,000 donated to benefit the new Family Birth and Children's Center at Munson Medical Center. The event has generated more than \$187,000 in contributions to our Munson Healthcare patients.

2019 Upcoming Events

June 18, 5:00 - 6:30 pm: Traverse City Donor Appreciation Series. Traverse City Golf & Country Club. Contact Kelsey Zaryczny at kzaryczny@mhc.net for details.

June 19 & 20: Michaywe Pines for Research. Michaywe Pines golf course. Proceeds benefit Otsego Memorial Hospital's Oncology and Infusion Therapy Center. Contact Heather Appold at happold@mhc.net for details.

June 21: Grayling Golf Classic. Contact Jodie Peters at jpeters2@mhc.net for details.

July 12, 11:30 am: 2nd Annual Healthy Partners Luncheon. Grand Hotel, Mackinac Island. Lunch, ferry transportation, carriage rides and door prizes included. Contact Kim North at [906-328-0006](tel:906-328-0006) for details.

July 13: Black Bear Gran Fondo Bike Race. Proceeds benefit the Crawford Continuing Care Center at Grayling Hospital. Contact Heather Appold at happold@mhc.net for details.

July 23, 8 am: 4th Annual Cadillac Hospice Breakfast. Elks Lodge, Cadillac. Contact Courtney Mulder at cmulder@mhc.net for details.

August 1, 10 am - 4 pm: Paul Oliver Memorial Hospital Auxiliary Tour of Interesting Places. Tickets are \$20 in advance; \$25 at the door. Tickets can be purchased at Hulls, POMH Auxiliary Gift Shop, or Crystal Crate & Cargo. Contact Sharon Grajar at [231-889-4234](tel:231-889-4234) for details.

August 14, 5 pm: Paul Oliver Memorial Hospital Donor Reception. Oliver Art Center, Frankfort. Contact Ruth Bloomer at rbloomer@mhc.net for details.

August 15, 5 pm: Manistee Hospital Donor Reception. Ramsdell Center for the Arts, Manistee. Contact Courtney Mulder at cmulder@mhc.net for details.

August 22, 2019: 18th Annual Jewel at Mackinac Golf Outing. Cocktail reception, golf and awards. Proceeds benefit the Mackinac Straits Health Foundation. Contact Kim North at [906-328-0006](tel:906-328-0006) for details.

August 22, 5:30 - 9 pm: 7th Annual Power of the Purse. Cherry Grove Event Center, Cadillac. Contact Courtney Mulder at cmulder@mhc.net for details.

September 14: Paul Oliver Memorial Hospital Auxiliary Tri Up North Triathlon. Bike, paddle, run around Frankfort's Betsie Bay. Contact Diane Miller at [231-871-0997](tel:231-871-0997) for details.

September 19 & 20: Chip In Fore Hospice. Lochenheath Golf Club. Proceeds benefit Munson Healthcare Hospice. Contact Debra Henderson at dhenderson@mhc.net for details.

October 12: Remembrance Run. Timber Ridge Resort. Proceeds benefit the Women's Cancer fund. Contact Kelsey Zaryczny at kzaryczny@mhc.net for details.

November 4: Paul Oliver Memorial Hospital Auxiliary Fall Event — Piano Wars! Contact Diane Miller at [231-352-8016](tel:231-352-8016) for details.

December 2, 9 am - 4 pm: Manistee Hospital Auxiliary Sleighbell Bazaar & Craft Show at Manistee High School. Contact Courtney Mulder at cmulder@mhc.net for details.

December 3: Giving Tuesday. Systemwide digital campaign on a national day of giving. Contact McKenzie Decker at mdecker2@mhc.net for details.

December 4, 5:30 pm: Grayling Lights of Love Ceremony. Grayling Hospital lobby. Contact Jodie Peters at jpeters2@mhc.net for details.

December 6: Holly Daze. Castle Farms, Charlevoix. Contact Kelsey Zaryczny at kzaryczny@mhc.net for details.
