

**BREAST IMAGING ORDER**

Patient Legal Name: \_\_\_\_\_

Date of Birth: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Location in the Breast: \_\_\_\_\_

Diagnosis: \_\_\_\_\_

**STEP 1: INITIAL BREAST IMAGING PROCEDURES:** (please check boxes as applicable)

- Mammogram:**  **SCREENING** →  bilateral  unileft  uniright  
 **DIAGNOSTIC** →  bilateral  unileft  uniright  
 **SCREENING WHOLE BREAST US** →  bilateral  unileft  uniright  
 **DIAGNOSTIC BREAST US** →  bilateral  unileft  uniright

**BILATERAL BREAST MRI Prior Auth #** \_\_\_\_\_**STEP 2: FOLLOW-UP BREAST IMAGING PROCEDURES:**

- Check box if, you would like the patient to receive a diagnostic mammogram and/or ultrasound as recommended by the radiologist if any of the following are found: calcifications, asymmetry, mass (palpable or non-palpable).
- **Diagnostic Mammogram**
  - **Diagnostic Breast US**
  - **Diagnostic Tomography**
  - **Ultrasound Axilla**
  - **Ductogram**

**STEP 3: ADDITIONAL BREAST IMAGING PROCEDURES:**

Check the box below if your patient has a probably benign or suspicious finding as a result of the follow-up breast imaging in step 2 and you are giving permission for the following exams:

- 3, 6, or 12 month follow-up Mammogram and/or Ultrasound, Image Guided Biopsy or Aspiration as recommended by the Radiologist.**

**STEP 4: BIOPSY RESULT PATIENT NOTIFICATION:**

- The Radiologist or the Mammography Staff may notify the patient with results of the radiology biopsy procedure.  
 I prefer to contact the patient with biopsy results myself.

**STEP 5: SURGICAL CONSULT:**

- The Mammography Staff may schedule a surgical consultation appointment after an abnormal finding on a breast procedure, or breast imaging that may require a biopsy and is not amenable to the less invasive procedures listed above pursuant to the radiologist's standard referral procedure.
- Patient or PCP requests a specific surgeon here: \_\_\_\_\_

- **Patient will be involved in all decisions about their care, treatment and services provided.**
- **Breast MRI follow-up must be scheduled by the referring healthcare provider as insurance pre-authorization is required prior to the exam.**
