By signing below, I agree to participate in the 2020 CSA season at 3rd Day Farm. CSA membership entails sharing the benefits, rewards, and risks of small-scale agriculture. I understand that I may be blessed with an abundance of some crops, a lack of others, and just the right number of others as the season permits. I agree to pick up my share every week for the duration of the CSA season, or make alternate arrangements in advance. My financial contribution to 3<sup>rd</sup> Day Farm allows 3<sup>rd</sup> Day Farm to grow completely chemical and GMO free produce, fruits, meats for all shareholders. 3<sup>rd</sup> Day Farm may encounter crop failure due to unknown circumstances etc. 3<sup>rd</sup> Day Farm has farms downstate and up north that we may source some fruits and vegetables from depending on costs. We guarantee that they grow completely, Non-GMO, Chemical and Synthetic free.

Our Beef, Chicken's, and Pork are raised completely here at 3<sup>rd</sup> Day Farm.

Signature \_\_\_\_\_ Date \_\_\_\_\_

**Early Bird 2020 CSA SHARE SIGNUP IS SEPTEMBER 16th thru OCTOBER 1<sup>st</sup>, 2019. This locks in 2019 Shareholders in for the 2020 season.**

**OCTOBER 1<sup>st</sup> thru NOVEMBER 1<sup>st</sup> OPENS UP TO THE GENERAL PUBLIC. This is a 1<sup>st</sup>. come 1<sup>st</sup>. serve opportunity as we have a limited number of shares available.**

LEARN... LOVE... GIVE... REAL FOOD

## 3<sup>rd</sup> Day Farm 2020 CSA Membership Contract

CSA (Community Supported Agriculture) when becoming a CSA shareholder you are part of 3<sup>rd</sup> Day Farm. You have a vested stake. You are supporting Chemical Free, Synthetic Free, and GMO FREE, locally grown produce, meats and so much more. We want you to enjoy the farm as much as we do; after all, you are helping to build it better. What does your money do? It buys soil block mix, seeds, compost, rock powder amendments, sea kelp, bees, mushroom equipment, NON-GMO feeds for the Alpaca's, Steers, Beef Cows, Meat Chickens, Laying hens, Sheep and Pigs. It buys passive heat sources, fencing materials, soap making supplies etc. It allows 3<sup>rd</sup> Day Farm the means to Bless our CSA Shareholders and anyone in need. We truly believe God blessed us with 3<sup>rd</sup> Day Farm so we could Bless others, not only with fresh food but with knowledge to be sustainable in our local community. Give a man, woman or child a salad and they will eat for a day. Teach them how to grow a salad and they will know how to feed their family for a lifetime.

God was the very 1<sup>st</sup> Farmer. Adam and Eve were farmers and they followed Genesis 1:11-12

Throughout the Bible God gives and teaches us how to grow, heal, and care for our animals,  
Proverbs 27: 23-27

**"The Farm" CSA Share runs 18 weeks. 2020 shares start June 4th, 2020 and end October 1st, 2020. Pickup at the farm will be Thursdays from 1 p.m. to 6 p.m. If prior arrangements**

are made pickup can be Friday or during our Saturday Farmers Market from 10:00 am to 3:00 pm. Hospital drop-off is Thursdays between 12:00 and 2:00 p.m.

**PLEASE REMEMBER: CSA Shareholders receive 10% discount at our farm store, and Farmer's Market Saturday's** We will again be attempting to grow our salad greens and a few other veggies through the winter. We will keep you informed as to availability. We will have meats, honey etc. all winter long for shareholders to purchase.

Each share will consist of various produce we harvest each week. All amounts will depend on the weather. God has complete control of growing conditions. It will also include 5 pounds of beef, pork, or chicken. On request, you may also receive rabbit. Each week you will receive different meat's and one dozen non-gmo free-range eggs. Our beef offerings will be getting better and better each year. Last year we started the process towards a premium beef herd. We are mixing Anne's Uncle Howards Limousin cattle from Mo. with Angus breeds. This will give us an amazing high quality beef. They say this beef is 86 to 92% Prime. LIM FLEX is the breed. We will taste the 1<sup>st</sup> one in the fall of 2019. We will have 8 more born this fall and early winter. You, our shareholders have made this happen.

Your share will also include the following on a monthly basis when in season and when available: Goats milk soap, honey, maple syrup, blueberries, apples, peaches, etc. On average, a basic share is a 35% savings from market prices with like foods. Our Shareholders come 1<sup>ST</sup>. Our CSA shareholders can buy from us all year long at a 10% savings. If you need any extra meats etc. please let us know and we can include it in your weekly share or you can stop by the farm. We are closed Sunday's. The 3<sup>rd</sup> Day Farm Store is open Monday thru Saturday.

### **"The Half Farm"**

**Just half of the "Farm Share"**

**"The VEGGIE" CSA Share**

**Everything but the meat**

**"The MEAT" CSA Share**

**Everything but the veggies**

**The "Half Farm Share" Shareholders get a full farm share every other week.**

## **“The Community Gift” CSA Share runs all year long.**

This share supports our community in another way. It is a onetime share. This share is for a named person or entity. You pick the dollar amount and the recipient that will receive “The Community Gift” share. This gift can remain anonymous or a card can be attached letting the recipient know whom it is from. You can make a recommendation as to what you would like to see in the share or we will do this for you. 3<sup>rd</sup> Day Farm will deliver the share within 25 miles or you may deliver it. 3<sup>rd</sup> Day Farm will not charge any boxing, mileage or handling fees for “The Community Gift” share. This is our gift to them and you.

We are dependent on our Shareholders to be a success in our Mission to be chemical, synthetic and GMO free. This makes it possible for families of all income diversities to be able to afford clean food at our store and Farmer’s Market Saturday’s. Please remember though, our shareholders come 1<sup>st</sup>. We are building a re-generative farm that will bless our shareholders for years to come. We are making our own leaf mold and compost. We are getting better each year and this has made it possible to not raise our CSA SHARE prices.

We are looking to the future as to where God will lead all of us. Our vision is chemical and synthetic free fruit varieties along with our vegetables and meats. It has been very hard to find the best rootstock for fruit trees for our soil. We have tried two different producers and more or less have thrown away thousands of dollars. We tried a new company this spring and it looks very promising. We have also invested hundreds into cover crop seed, various clovers and planted a completely new pasture for bee pollinators around the Cross.

Please pray for us as we are considering becoming a 501C3 non-profit Ministry. We are in need of a new water well, water lines and pump systems for irrigation. We are also praying about investing in another large solar powered greenhouse. Last spring we visited Baker Creek Heirlooms’ in Mansfield, MO. We found the ultimate greenhouse that is exactly what we have been looking for. It could be handicap accessible and is climate controlled. We could be growing as if we were in Southern Florida. We have also had so many people talking to us about a Farm to Plate here at the farm. Dreams do come true they say.....

God’s Blessings, Anne, Shirley and Bob

## Learn... Love... Give... Real Food

Located in Lake City, Michigan, 3<sup>rd</sup> Day Farm promises to be no ordinary farm—hallelujah! Vitally important to our farms mission are these essential ingredients:  
to LEARN, to LOVE, to GIVE—REAL FOOD!

We feel this simple, dynamic recipe is a guideline by which to cultivate the kind of farm that resonates with our values. Together we LEARN and teach what God has shown us is viable for sustaining life. By sharing with LOVE we are able to GIVE the knowledge and joy of growing food rich in nutrients—food nourishing for the body and spirit—as it was intended.

Our food is REAL FOOD—and we mean NO synthetic taste or qualities. We specialize in growing REAL peppers, REAL garlic, REAL heirloom tomatoes, though our offerings are constantly expanding. Our tomatoes are no ordinary tomatoes—they're REAL heirloom tomatoes—not a one genetically modified or imbued with the cells of another animal or plant. Nor do we use pesticides, so your food is green clean and eats worry-free. Our livestock is raised without genetically modified feed. Our beef, pork, chicken, and rabbits all of our carnivorous offerings—come from animals that have lived REAL lives, healthily and wholly with nature.

Come! Let us share what we are learning. Share with us what you know. If you prefer, take in the peaceful surroundings of the farm. Let the good earth clear your mind. Take a knee at the Cross or let us nail your prayer requests to the Cross. Visit with the animals, tour the greenhouses, or request a fresh salad blend be cut for your dinner. Light on cash, heavy in morals? We love creative barter and trade. After all, this is no ordinary farm, as we mentioned—we mean what we grow and we love what we do!

God is leading 3<sup>rd</sup> Day Farm in a direction of teaching woman and children how to be sustainable in growing their own food and possibly supplementing their income. James 1:27 Our CSA program is an integral part of this. CSA shareholders make it possible to purchase all the parts and pieces that make 3<sup>rd</sup> Day Farm able to be regenerative. This gives CSA Shareholders access to clean, wholesome meats, vegetables, and fruits.

THANK YOU for your commitment. Anne, Shirley and the 3<sup>rd</sup> Day Farm Gang.
