Inside:
*The Fight Against COVID-19:
Northern Michigan Unites to
Support Healthcare Heroes*

FOCUS

A big thank you to the community for all your love and support!

Northern Michigan Comes Together to Navigate Pandemic

Left: Grayling Hospital's Emergency Department team received a gift basket of encouragement from a local Sunday school group. Top right: Munson Healthcare President and CEO, Ed Ness (left), and Dodd Russell (right). Russell helped secure 500,000 surgical masks and one million gloves. Bottom right: Community support shown at Munson Healthcare Otsego Memorial Hospital.

This is an uncertain and anxious time for everyone right now, but watching our communities come together to support and protect residents of northern Michigan gives us confidence and optimism that we can handle whatever comes our way. We could not be more grateful for the love and support being shown to our patients and healthcare workers.

- Desiree Worthington, President
Munson Healthcare Foundations

A much-needed moment of joy took place at Munson Medical Center in mid-April following weeks of dire predictions, intense preparations, and relentless uncertainty surrounding the coronavirus pandemic.

The first COVID-19 patient placed on a ventilator at the Traverse City hospital made a full recovery and was sent home on April 14. Masked nurses and staff gathered in a hallway to dance, sing, and celebrate as their patient prepared to leave the hospital. It was a welcome break from the anxiety of caring for people stricken with a virus that had infected hundreds and claimed a dozen lives at Munson Healthcare hospitals.

Munson Healthcare hospitals have long prepared for such an event. Decades of disaster planning have included various pandemic scenarios. But the reality of a pandemic that swept the globe, shuttered the nation, disrupted supply chains, and lasted

for months, has required a massive response – from the entire healthcare team and from the community.

One of Munson Healthcare's first steps was to designate three system hospitals as regional care sites for COVID-19 positive patients – Munson Medical Center, Cadillac Hospital, and Grayling Hospital. Those hospitals can care for up to 250 COVID-19 patients. So far, total daily count of patients with coronavirus has been 20 or less.

The Community Responds

Everyone in northern Michigan has a part to play in responding to the COVID-19 pandemic. "Children and teens who are finishing their school year from home, people who stay home and stay well, and workers in essential roles who bravely continue to do their jobs have all made our region a safer place to be," said Munson Healthcare Foundations President Desiree Worthington.

“In addition to individuals who have sewn masks, donated cleaning supplies, sent cards, provided meals for our healthcare team, we have experienced an inspiring and overwhelming response from our business community,” she added.

Seamstresses donated thousands of hand-sewn masks, while communities demonstrated support through “Operation Red Ribbon.”

When established supply chains became unreliable, the Munson Healthcare Foundations team was asked to help secure supplies of personal protective equipment from commercial inventories throughout northern Michigan and beyond. Foundation staff placed more than 1,300 calls to northern Michigan businesses and received a tremendous response.

The call for help was answered by cement plants in Charlevoix and Alpena. A ski resort in Benzie County. A boatbuilder in Cadillac. Wineries in Traverse City and on Old Mission Peninsula. Manufacturers in Gaylord and Grawn. A plastics fabricator in East Jordan. Each joined a lengthy list of companies that have shared

their supplies of gloves, masks, face shields, and needed items.

Home Depot, Ace Hardware, Menards, and Lowes generously set aside their regular shipments of gloves and masks for Munson Healthcare.

Local distilleries are making hand sanitizer, including a commitment from the Iron Fish Distillery in Thompsonville to produce 1,600 gallons of sanitizer for Munson Medical Center. Grand Traverse Industries modified its production of trash bag liners to make medical gowns for hospital staff. Ford and GM auto manufacturing plants retooled assembly lines to make face shields and GM donated 50,000 masks.

By late April, Munson Healthcare had received more than 500,000 gloves, tens of thousands of face shields, 70,000 medical masks, and thousands of homemade masks and other items.

“This is an uncertain and anxious time for everyone right now, but watching our communities come together to support and protect residents of northern Michigan gives us confidence and optimism that we can handle whatever comes our way,” Worthington said. “We could not be more grateful for the love and support being shown to our patients and healthcare workers.”

- All Munson Healthcare hospitals are open and ready to safely care for anyone experiencing a medical emergency. Special protocols are in place to keep patients and staff safe.
- Essential services such as delivering babies, cancer treatments, dialysis, inpatient rehabilitation, and home care have continued uninterrupted.
- Some previously postponed or cancelled elective surgeries are now taking place. About 20 surgeries per day are being performed at Munson Medical Center for patients with critical medical conditions, compared to a pre-virus average of 70 per day.
- Munson Healthcare now conducts 150 in-house coronavirus tests daily with same day results.
- Local patients who have recovered from coronavirus are being contacted to donate plasma to treat patients currently ill with the virus.
- Munson Healthcare hospitals are caring for about half their normal number of patients.
- Fewer patients coupled with increased costs for critical supplies is resulting in a \$7 million to \$10 million loss per month for the healthcare system.
- Some staffing adjustments have been necessary, including reduced hours, temporary furloughs, and pay cuts for senior leaders.
- All construction projects have been halted, as well as fundraising for capital projects.

Northern Michigan Comes Together to Navigate Pandemic

Social distancing superstars: Members of the Employee Health team at Munson Medical Center took a few minutes out of their busy day to snap a not-so-close picture to remind us that we are stronger together when we're farther apart.

How You Can Help

Munson Healthcare Foundations is accepting donations to assist with the COVID-19 response. The CARES Act of March 27, 2020 allows taxpayers who do not itemize to claim an additional \$300 deduction for cash donations to charitable organizations made during the 2020 tax year. Simply put, you may add up to \$300 to your standard deduction on the 2020 tax form.

As always, planned gifts will help Munson Healthcare continue to provide quality healthcare services in northern Michigan long after this pandemic ends.

Learn more at munsonhealthcare.org/howyoucanhelp.

For More Information

Munson Healthcare daily updates the number of patients who have tested positive and negative, as well as those currently hospitalized. Go to: munsonhealthcare.org/coronavirusupdates.

A Munson Healthcare COVID-19 hotline is staffed from 7 am - 7 pm for health-related questions regarding COVID-19: 231-935-0951

Please note: Details about coronavirus evolve daily. Information in this article was accurate as of April 30.

You Can Make the Gift of a Lifetime

Did you know that you can create a legacy at Munson Healthcare without changing your will or parting with any assets now?

You can designate your Munson Healthcare local hospital or Munson Healthcare Hospice as a beneficiary of your retirement plan assets. You do not need to modify your will or living trust, and you can name Munson Healthcare as the sole beneficiary or one of several. This allows you to give while still providing for family or loved ones.

If you are over 70½ years of age and do not need your required minimum distribution, you can make a tax free gift from your traditional IRA. Thanks to a tax law extension passed in December 2015, the "IRA Charitable Rollover" option has become permanent. You can transfer up to \$100,000; it must come directly from your IRA administrator to the Munson Healthcare Foundations. The gift will not be taxed as income to you.

Staff members at Munson Healthcare Foundations are available to answer your questions about legacy giving. Please contact us at **231-213-1150** or legacy@mhc.net.

Legacy Society Members

The Legacy Society represents a list of donors who have named Munson Healthcare Foundations in their will or estate plans to support their local community hospital or Munson Hospice. It also includes those who have made a Charitable Gift Annuity or other life income arrangement. If interested in becoming a Legacy Society member, call our office of Legacy Giving at 231-213-1150.

Thank you

In times like these, we are reminded of how important community support is to all of our local hospitals.

We are deeply grateful to all of our donors.

The following list represents those who made cash gifts and payments of \$250 and above, between January 1 and December 31, 2019.

We have taken great care to ensure the accuracy of our donor listing. If an error has been made, please call the Foundation at **231-213-1150**.

Thank you!

The outpouring of support across northern Michigan communities continues to fuel and protect healthcare teams caring for patients during the crisis.

From words of encouragement and appreciation, to hand-sewn face masks, and donations of personal protective equipment, we are grateful for YOU!
