

Bargaining Update March 14-15, 2018

The fifth set of bargaining sessions between Munson Medical Center (MMC) and the MNA occurred on Wednesday, March 14, 2018 from approximately 12:20 - 4:30 pm and on Thursday, March 15, 2018 from approximately 12:50 - 5:45 pm.

Both days were spent discussing the planned transition of ICU scheduling to the online Kronos scheduling system and the impact this change would have on the unit. An interim agreement was reached between MMC and the union, and information about the interim agreement will be distributed to ICU nurses. This interim agreement will remain in place until an overall collective bargaining agreement is reached.

MMC continues to affirm our commitment to reasonable workloads, quality care, appropriate staffing and the principles of True North.

The next bargaining session is scheduled for March 28, 2018.
