### Community Collection Locations

There are several clinics, providers, and other healthcare businesses throughout northern Michigan that offer COVID-19 collection for testing. For the most up-to-date and local information, please use the Michigan.gov COVID-19 "Find a Test Site" search tool: [https://www.michigan.gov/coronavirus/0,9753,7-406-99891\\_99912---,00.html](https://www.michigan.gov/coronavirus/0,9753,7-406-99891_99912---,00.html)

This tool also allows you to search for testing locations that meet the following criteria:

- **Free** testing sites
- Sites that test people **without symptoms**
- Sites that do not require a doctor's order
- Sites that test uninsured individuals

Note: These sites are not Munson Healthcare sponsored and patients' test results will not be uploaded into EHRs.
