

# Code Status PowerForm Updates for Providers and Nursing Staff

Cerner PowerChart **EDUCATION**

**Summary:** The Code Status PowerForm has been updated to align with system-wide Code Status changes.

**When:** October 24, 2023

**Support:** Help Desk at 231-935-6053

## Code Status PowerForm

The following sections of the Code Status PowerForm have been updated:

1. New Code Status options.
2. Code Status Consent Discussed With field includes the following changes:
  - a. **Addition:** Guardian, and Other (for free text).
  - b. **Removal:** Daughter, Son, and Siblings options.

**Note:** For minor patients (17 years of age and under), options are (image not shown):

- Parent, Patient (emancipated minor), Guardian, No one available, and Other (for free text).

3. A new free text field for Discussion Details.
4. If **No one available** is selected in the Code Status Consent Discussed With section, a **required** field is activated.

**Code Status**

If you are changing code status, it is **CRITICAL** to inform bedside nurse in order to change the patient's wristband
