Counts are based on midnight census

Inpatients are those COVID-19 patients requiring hospitalization.
MHC Hospitalization Trends

Updated: 03/23/2021

Inpatient COVID Cases by Day

- Total Daily COVID IP Count
- Daily COVID-positive IPs
- Daily COVID-suspected IPs
COVID-19 Vaccine Distribution

Munson Healthcare has provided more than 50,000 doses of vaccine

- Mass Vaccination Clinics
- MHC Provider Network
- Independent Practices
- Partnering with Health Departments
COVID-19 Vaccine Supply Allocation

Federal Government allocating vaccine to retail pharmacies.

State is allocating to health departments, practices, health centers, hospitals and clinics based on Social Vulnerability Index.
By April 5, 2021, all areas of the state may, as vaccine supplies are available, implement vaccination of all people aged 16 and up who were not previously eligible.
Travel Reminders and Tips from the CDC

Travel increases your chance of spreading and getting COVID-19. If you choose to travel, take steps to protect yourself and others:

• If you are eligible, get fully vaccinated for COVID-19.
• Before you travel, get tested with a viral test 1-3 days before your trip.
• Wear a mask over your nose and mouth when in public.
• Avoid crowds and stay at least 6 feet/2 meters (about 2 arm lengths) from anyone who did not travel with you.
• Get tested 3-5 days after your trip and stay home and self-quarantine for a full 7 days after travel, even if your test is negative. If you don’t get tested, stay home and self-quarantine for 10 days after travel.
Travel Reminders and Tips from the CDC

• Follow all state and local recommendations or requirements after travel.
  – Some states may have fewer restrictions during travel. Continue to follow the guidelines set forth by the CDC.

• Do not travel if you were exposed to COVID-19, you are sick, or you have tested positive for COVID-19.
Travel Reminders and Tips from the CDC

- **Masks are required** on planes, buses, trains, and other forms of public transportation traveling into, within, or out of the United States and in U.S. transportation hubs such as airports and stations.
- Avoid crowds as much as possible, indoors and outdoors.
- Wash your hands frequently especially before eating and after being in public areas.
- Bring extra supplies of masks and hand sanitizer.
- Cook or bring your own food, get carryout, or eat outdoors where you can maintain distance from others.
- Consider staying separately from other households rather than staying with friends or family. Practice the same safer gathering practices you would at home.
Visitation Resumes at MHC Long Term Care Facilities

- Our LTC visitation policy is in accordance with the [March 10, 2021 CMS Guidelines](#).
- Depending on vaccination status and COVID-19 contact history, new LTC residents may need to quarantine for 14 days upon first arrival at a LTC facility, which means they would be unable to receive visitors during this time.
- Staff will make every attempt to help residents use technology to connect with their loved ones during the quarantine period.
Visitation at Long Term Care Facilities

All visitors will need to:

• Make an appointment to see a resident/patient
• Answer health screening questions before they can enter
• Complete the visitor’s log upon arrival, providing appropriate information for contact tracing purposes
• Wear a facility-provided mask, follow hand-hygiene requirements, practice social distancing, and adhere to the facility’s Personal Protective Equipment (PPE) requirements
**Visitation at Long Term Care Facilities**

**Important visitation tips:**

- When you call to make your appointment, please ask the facility to outline their current visitation instructions. Each facility is different and may have additional restrictions in place to comply with CMS guidelines.

- Also, visitation restrictions could change on a daily basis depending on the facility’s COVID-19 cases/exposures and county positivity rates so it’s very important to call ahead — before your planned visit.
Munson Healthcare’s Long Term Care Facilities:

• Kalkaska Memorial Long Term Care/Eden Center: 231-258-7530
• McReynolds Hall (Otsego): 989-731-7838
• Crawford Continuing Care Center (Grayling): 989-348-0317
• Paul Oliver Living and Rehabilitation (Frankfort): 231-352-2208

Please contact the specific long term care facility for more information.
Health Department Updates
Grand Traverse County Health Department
Wendy Hirschenberger, M.P.H.
Health Officer
Grand Traverse County Health Department
Wendy Hirschenberger, MPH

**Vaccine and Testing Updates**

● **‘Save Your Spot’ Now Open To ALL**
  ○ Regardless of eligibility, everyone is now able to fill out a survey and get in the queue for an appointment.
  ○ This includes those that are 16 and older regardless of medical condition.
  ○ Fill out the survey at [www.gtcountycovid19.com/vaccine](http://www.gtcountycovid19.com/vaccine) and you will be contacted via email with a link to schedule when appointments are available based on your eligibility in the State’s endorsed phased vaccine rollout plan.
  ○ Expect somewhat of a wait before you receive a scheduling link in your email as the final phases (50 and over, 16 and over with medical conditions and 16 and over without medical conditions) are quite large.

● **Rapid Antigen Testing Now Available At Cherryland Mall Testing Site**
  ○ Testing site is located at Cherryland Center Mall (1700 S. Garfield Rd. Traverse City, MI 49686).
  ○ Testing is free, drive-thru and fast. Results are 15 minutes and delivered through a portal that is set up through Honu Labs.
  ○ Testing is appointment only on Mondays and Tuesdays from 9 - 4:30 p.m.

Vaccination Distribution

Grand Traverse County Health Department Vaccinations:

- This week GTCHD will administer 1550 first doses and 1946 2nd doses (3046 total doses)
- The cumulative number of vaccine doses administered during GTCHD vaccine clinics through March 22nd are:
  - 15,661 - Initiated
  - 9,812 - Completed
  - 25,473 Total Doses

Officials are reporting the following vaccination coverage rates for GT County residents based off the MDHHS COVID 19 Vaccination Coverage Dashboard:

<table>
<thead>
<tr>
<th>Doses (as of 3/22)</th>
<th>16 - 49 years</th>
<th>50-64 years</th>
<th>65-74 years</th>
<th>75 and older</th>
<th>Total 16+</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initiated</td>
<td>22.4%</td>
<td>40.0%</td>
<td>78.1%</td>
<td>86.1%</td>
<td>41.4%</td>
</tr>
<tr>
<td>Completed</td>
<td>15.3%</td>
<td>20.3%</td>
<td>59.2%</td>
<td>70.9%</td>
<td>28.5%</td>
</tr>
</tbody>
</table>

Health Department of Northwest Michigan
Lisa Peacock, M.S.N., R.N., WHNP-BC
Health Officer
Health Department of Northwest Michigan and Benzie Leelanau District Health Department

Lisa Peacock, Health Officer

• **Vaccine distribution**
  – Updated surveys and registration processes, efficient for residents and staff
  – Visit the website to complete online form to get in scheduling queue
    • Anyone 16+ should complete form, scheduling information will be sent when appointment is available.
    • Multiple strategies to address needs of vulnerable – redistribution, homebound strike teams

• **Increase in cases in previous two weeks**
  – Majority of outbreaks:
    • Investigated by HDNW were associated with the school age population
    • Investigated by BLDHD were related to place of employment or community gatherings
  – Continue mitigation measures, just as important now as last March

• **Vaccine and case information, resources available:**
  – www.nwhealth.org
  – www.bldhd.org
District Health Department #10
Jennifer Morse, M.D., M.P.H., FAAFP
Medical Director
District Health Department #10

- DHD#10 increased eligibility for COVID-19 vaccine to 16 and older
  - 18+ can schedule online at [www.dhd10.org/schedule](http://www.dhd10.org/schedule) or call 888-217-3904 for assistance
  - 16 and 17 must be placed on waitlist by parent or guardian and we will call
- Total vaccinated 52,108 – first dose = 32,562; second dose = 19,546
- Implementing plans to utilize J&J vaccine with homebound residents, congregate living venues, jails, homeless shelters, etc.
- Increased number of positive cases in the jurisdiction with identified outbreaks
- Coronavirus page: [www.dhd10.org/coronavirus](http://www.dhd10.org/coronavirus)
