Counts are based on midnight census

Inpatients are those COVID-19 patients requiring hospitalization.
MHC Hospitalization Trends
COVID-19 Vaccine Distribution

Munson Healthcare has provided more than 86,000 doses of vaccine through Mass Vaccination Clinics, Family Doctors, and Local Health Departments.
COVID-19 Vaccine Dashboard: Region 7

COVID Vaccination Coverage - Initiation

Dashboard Updated: July 2, 2021. "Completion" is the percentage of Michigan residents receiving 2 doses of Pfizer or Moderna or 1 dose of J&J. "Initiation" is the percentage who have received either 1 or more doses of ANY vaccine. See the "Learn More" page to learn how.

Residents Vaccinated
235,724
Coverage (% of Residents Vaccinated)
60.1%
MI Population*
8,594,864

*2019 US Census estimates for persons 12 years of age and older

(Michigan.gov)
Delta variant (B.1.617.2)

- Currently estimated to be 20% of new US cases
- Has grown to be 90% of new cases in the UK
- Multiple mutations
- B.117 (alpha) variant 50% more transmissible than wild type
- B1617 (delta) variant 40-60% more transmissible than alpha
- Data preliminary, but compared to alpha, delta is more likely to cause hospitalization
- Vaccine efficacy slightly reduced but still good (i.e. 1-6% reduction)
- Munson Healthcare’s Infectious Disease Pharmacists are monitoring the prevalence of the variants by watching the state data.
Munson Healthcare is offering monoclonal antibody therapy for treating patients 12 years and older with mild or moderate COVID-19 symptoms. This one-time outpatient infusion therapy may help patients recover quicker and avoid hospitalization.

- Monoclonal antibody therapy is available at Munson Healthcare locations in Traverse City, Kalkaska, Grayling, and Cadillac. Home treatment may be available.
- This treatment is especially useful for patients with conditions that put them at higher risk of developing a more severe form of the disease.
- Therapy must be administered within 10 days of the onset of symptoms.

Call your primary care provider or Munson Healthcare Ask-A-Nurse at 231-935-0951 to discuss your symptoms.
It’s OK to Have Questions!

• Your primary care doctor knows you best.

• Talk to your primary care doctor if you have questions about the COVID-19 vaccine.

• Munson Healthcare also offers an Ask a nurse line.

Health Officer
Wendy Hirschenberger, MPH

Unvaccinated? - think about testing after the holiday and festival
○ If you are unvaccinated and participated in group activities during the holiday week, think about getting tested!
○ With thousands of visitors coming to the region to participate in the holiday weekend and festival, there is potential to contract COVID-19 if you have not been vaccinated.
○ If you are not vaccinated, MDHHS recommends wearing a mask, even outside in crowded spaces. Protect yourself and others that can’t get vaccinated.

COVID-19 testing at GTCHD main campus - free, rapid
○ Testing is drive-up and will be done in the parking lot behind the main building
○ Location: 2600 LaFranier Rd. Traverse City, MI, 49686
○ Hours: Monday and Wednesday from 9 a.m. - 12:00 p.m. and 1 - 4:00 p.m.
○ Results will be delivered electronically (email/text) within two hours.

Student-athlete vaccination timeline
○ If you have a student-athlete that is playing fall sports, think about starting the vaccination process now, so they are fully vaccinated before summer practices and the season starts.
○ If they get their first dose this week, they will be fully vaccinated by the week of August 16th.
Vaccinations at National Cherry Festival

**Date:** Tuesday, July 6  
**Time:** 11 a.m. - 3:00 p.m.

**Date:** Wednesday, July 7  
**Time:** 11 a.m. - 3:00 p.m.

**Date:** Thursday, July 8  
**Time:** 2 p.m. - 6:00 p.m.

**Date:** Friday, July 9  
**Time:** 2 p.m. - 6:00 p.m.

**Date:** Saturday, July 10  
**Time:** 11 a.m. - 3:00 p.m.

Johnson & Johnson, Moderna and Pfizer

Wendy Hirschenberger, MPH

Need a COVID-19 Vaccine?

Go to [www.dhd10.org/schedule](http://www.dhd10.org/schedule) to schedule an appointment in your county.

or call **888-217-3904** for assistance.

Walk-ins welcome but call first to be sure a nurse is available.
Northwest Michigan Health Services
Heidi Britton
CEO
Northwest Michigan Health Services
Serving western counties from Traverse City to Shelby

- We are committed to make getting a vaccine easy
- Walk-ins welcome whether at one of our health centers or at a community pop-up event
- NMHSI is posting weekly schedule of Pop Ups and Curbside Clinics on their website and Facebook
- NMHSI is no longer doing curbside testing by referral from PCPs
- All testing is being done after a visit by a NMHSI provider
- Working with farms, wineries, businesses for Pop-Up clinics
