

# New Glucose Management Indicator (GMI) Documentation for Clinical Staff

## Cerner PowerChart Ambulatory EDUCATION

**Summary:** A new Transcribed Glucose Management Indicator (GMI) PowerForm is available to document a patient's Glucose Management Indicator (GMI) results. Documenting correctly on this PowerForm will meet payer requirements.

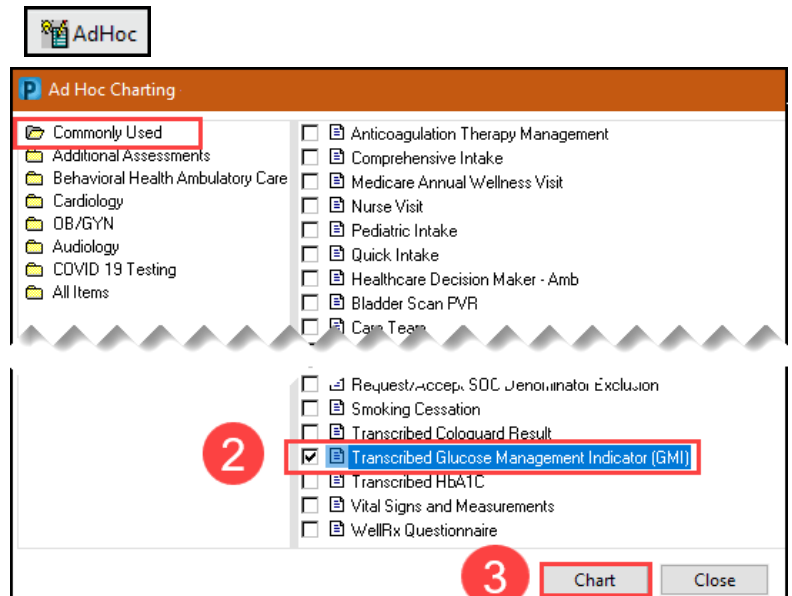

**When:** April 25, 2024

**Support:** Ambulatory Informatics at 231-392-0229

### Glucose Management Indicator (GMI) Documentation

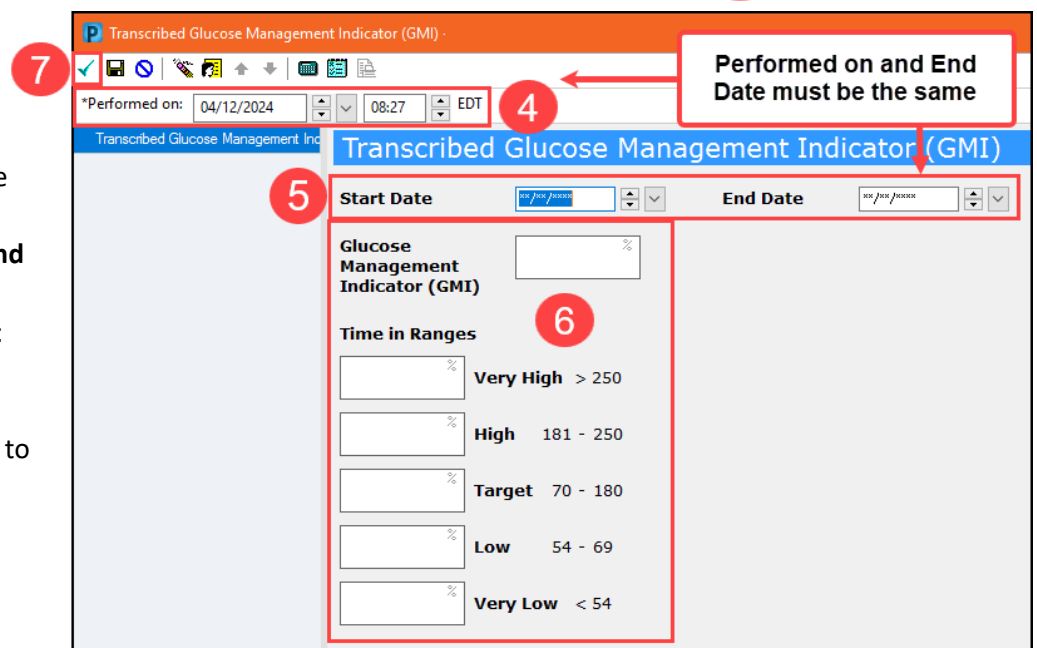

Opening the Transcribed Glucose Management Indicator (GMI) PowerForm:

1. Navigate to **AdHoc** on the PowerChart toolbar.
2. Locate and select the **Transcribed Glucose Management Indicator (GMI)** PowerForm from the Commonly Used folder.
3. Click **Chart**.

Transcribed Glucose Management Indicator (GMI) PowerForm documentation:

4. Update the **Performed on** date to match the End Date for the GMI.
5. Enter the **Start Date** and **End Date**.
  - **Note: Both dates must be entered.**
6. Document the GMI results.
7. Click the green check mark to sign and save the documentation.

**Note:** The patient's Continuous Glucose Monitor printout must be scanned into the patient's chart.
