

Immunization/Medication Task Correction for Clinical Staff

Cerner PowerChart Ambulatory EDUCATION

Immunization/Medication tasks completed with an incorrect administration date/time need to be uncharted, and a new order added with the correct completion date/time.

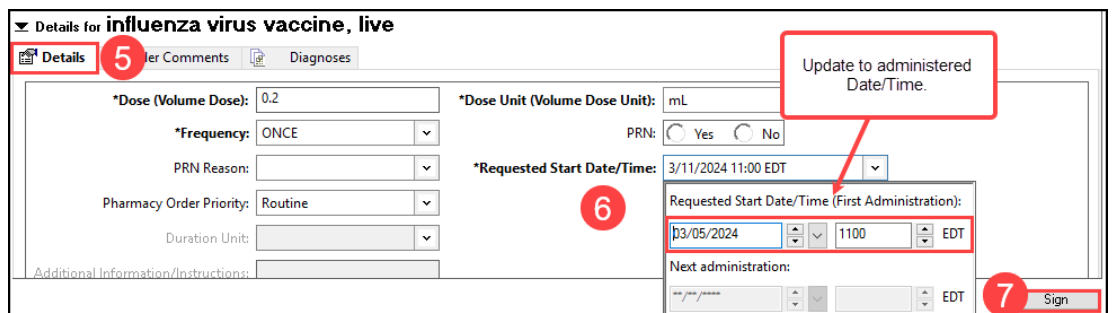

Unchart the Completed Immunization/Medication

1. Select the encounter the original order was placed.
2. Select MAR on the Menu.
3. Update Search Date range:
 - a. Right-click on the grey bar.
 - b. Select date range that includes the incorrect administration date.
4. Right-click on the incorrect Immunization/Medication chart details.
5. Select **Unchart** and add a comment.

Enter New Order and Back Charting Immunizations/Medications

1. Select Orders from the Menu.
2. Click **+ Add**.
3. Click the drop-down Type: select **Ambulatory-In Office Orders**.
4. Search for and select the appropriate immunization/medication.
5. Select the **Details** tab.
6. Update the **Requested Start Date/Time** with the correct administered Date/Time.
7. Click Sign.
