

## Microbiology Component Overview for Providers and Clinical Staff

Cerner PowerChart Ambulatory EDUCATION

## **Microbiology Component Overview**

The Microbiology Component can be accessed from the Provider or Nurse View, within the Ambulatory Workflow.

## Filtering Results by Look Back Range

To filter a result:

- 1. Select the desired date range.
- 2. Click the drop-down arrow to view additional date range options.
- 3. Click on the Microbiology hyperlink to view results older than two years in Results Review.

Microbiology (2) 3 Last 50 Reports Last 3 months Last 6 months Last 12 months V											2		
		Susceptibility	Growth/Result	Organism(s)	Source/Site	Collected	$\sim$	Last Updated	State	us Last 18	months	1	
	Blood Culture		Blood culture (+)			NOV 07, 2022 19:00		NOV 07, 2022 09:47		Last 2 y	ears		
	Urine Culture		Urine culture (-)			NOV 07, 2022 19:00		NOV 07, 2022 09:47					

## Viewing and Printing Microbiology Result Details

To view or print a microbiology result:

- 1. Click the desired test within the Microbiology Component to display the Result window.
- 2. Click to Forward or Print.
- 3. Click on Trend to open the pop-up.
- 4. Click on Action List to view a log of activity related to the result.
- 5. Click Close when finished.

**Note:** If a result has a Modified or Altered status, a blue triangle will display to the right of the result.
