

Nurse Visit Documentation for Clinical Staff

Cerner PowerChart Ambulatory EDUCATION

Nurse Visits are scheduled visits and are documented using a Nurse Visit PowerForm. Nurse Visits may have a billable service order or documented as a no charge visit.

AdHoc

Nurse Visit Documentation

The Nurse Visit form is to be used to document a nurse visit.

Accessing the Nurse Visit form:

1. Click AdHoc on the top toolbar in PowerChart.

Chart

Close

2. Select Nurse Visit.

 Additional Assessments Behavioral Health Ambulatory Care Cardiology OB/GYN All Items All Items Additional Assessments I anticoagulation Therapy Managem I anticoagulation Therapy Managem

- 3. Click Chart.
- 4. Document the sections as appropriate.
 - a. The Responsible
 Provider on the
 Nurse Visit Section
 should be the
 attending provider.
 - b. The Nurse Visit Note is a free text area to document the reason for the Nurse Visit and any details regarding the visit.

5. Sign the form using the green checkmark when done.

Note: The Nurse Visit Note will not automatically go to the Responsible Provider entered. If the Nurse Visit needs reviewed by the provider, it must be forwarded in a message to the provider.

Nurse Visit Charges

The Nurse Visit must either have an order placed on the encounter with a charge associated, or an Office Visit No Charge order selected if the Nurse Visit service is not to be charged for.

Office Visit No Charge order:

1. Navigate to the Clinical Staff Orders MPage.

Clinical Staff Orders

х

2. Search for **Office Visit No Charge** in the New Order Entry component by typing No charge.

Communicating the Nurse Visit

Nurse Visits to be reviewed by a provider are forwarded in a message.

Sending a completed Nurse Visit Note in a message:

- 1. Create a New Message with the patient's chart open (or search for and select the correct patient within the New Message window).
- 2. Click Browse Documents.
- 3. Select the box to include the **Ambulatory Nurse Visit**.
- 4. Complete the message and send to the correct provider.
