

Patient Provided COVID-19 Result Documentation for Virtual Urgent Care Providers

Cerner PowerChart Ambulatory EDUCATION

Patient Provided COVID-19 Result Documentation

1. Click **Ad Hoc** on the top toolbar. 
2. Open the **Ambulatory Care** folder. 
3. Select the **Patient Provided COVID - 19 Result** by clicking in the box and placing a check mark. 
4. Click **Chart**. 
5. The Patient Provided COVID - 19 Result PowerForm opens.
6. Document the Patient Report COVID 19 Result.
7. If the Result is viewed through video, select Yes for COVID 19 Result Obtained and Viewed by Clinician during visit. Otherwise, select No.
8. Update the **Performed on** date and time to the date and time the test was completed.
9. **Sign** the form by clicking the green check mark.

The screenshot shows the 'Patient Reported COVID 19 Result' form. At the top, the 'Performed on' field is set to '03/11/2022 1307 EST'. A callout box labeled '8' points to this field with the text 'Update to correct Performed on Date and time'. Below this, a red banner reads 'Please CHANGE the above form date and time to the date and time the specimen was collected'. The form contains two radio button questions: 'Patient Reported COVID 19 Result' with 'Positive' and 'Negative' options (callout '6'), and 'COVID 19 Result Obtained and Viewed by Clinician during visit' with 'Yes' and 'No' options (callout '7'). At the top left of the form, there is a green checkmark icon with a callout '9'.
