

Accessing HealthStream | Within the MHC Network

HealthStream e-learning courses are accessible anywhere you have an Internet connection. From a Munson Healthcare computer:

1. Click the **Microsoft Edge** icon on your desktop to access the intranet.
2. Go to the **Education** heading.
3. Click **HealthStream**.

When you are logged in to a computer on the Munson Healthcare network, your individual HealthStream account will open automatically from the Intranet link without needing to login to HealthStream with your ID and password.

Accessing HealthStream | From Outside the MHC Network

Note: Accessing via smart phone or tablet is not recommended.

To access HealthStream from outside Munson’s network:
